of others cannot keep  
it from themselves.

## TWO DIE IN CRASH

Two area men were  
killed instantly Saturday,  
when the car in which they  
were riding slid off an icy  
road and struck a tree.

The dead are: Ronald  
Brey 33, of 217 North Rte  
59, Ingleside and William L.  
Barnett 24, of Lake Villa.

The fatal crash  
occurred at 3:53 p.m. on  
Rte 59 south of Antioch.  
No reason other than the  
road conditions could be  
given at the time of  
publication, pending a  
coroner's inquest.

# Referendum Given Tentative Date

From all indications it  
appears Saturday, March 25th  
has been pegged as the  
tentative date for an  
Educational Fund referendum  
by the Antioch High School  
Board.

While there has been no  
official pronouncement, rumors  
that have been circulating for  
nearly a month seem to be  
correct.

The unofficial  
confirmation verifies a story  
which appeared on page one of  
the January 26th issue of the  
Antioch News.

The Board last ran an  
Educational Fund referendum  
on April 24th of 1971. The  
issue was roundly defeated by  
an 8-1 margin.

Proponents of the measure  
felt the board had done little  
in the way of public relations  
and that the defeat could be  
laid squarely in their laps.

However, the Board has  
already begun a low-key  
campaign to enlist the aid of

groups sympathetic to their  
cause. They appeared before a  
meeting of the high school  
PTA on Wednesday, February  
2nd and as part of their  
presentation included a  
discussion on rate referendums.

The referendum, designed  
to ease the strain on the  
Educational Fund may raise the  
rate from \$.92 to \$1.32 per  
\$1,000 of assessed valuation.  
The new hike, if approved,  
would mean a \$40. tax increase  
on a home valued at \$10,000.

Board members pointed  
out at a January 19th meeting  
that the rate had remained the  
same dating back to 1958,  
while costs had skyrocketed.

Despite numerous budget  
cuts the Educational Fund has  
been running in the red for  
several years.

Cuts were made in the  
Power Mechanics and Language  
programs in addition to  
numerous cuts designed to  
control needed, but  
supplementary activities.

# Village Whitewashes Black-top Job

The February 7th meeting of  
the Antioch Village Board of  
Trustees was spiced with the bizarre  
as it was learned that the Village  
may have blacktopped a portion of  
land it doesn't own.

Mrs. Lorraine Deutsch, broker  
for Nelson Realty owner of the  
building brought this matter to light  
when she approached the board.

She stated that Nelson Realty  
had a prospective buyer for the  
land, but could not end the deal  
until rumors she had heard about a  
discrepancy in the platt were cleared  
up.

She produced a platt which she  
had obtained from the County  
Recorder in Waukegan, showing that  
a 20 foot parcel of land that the  
Nelson firm owned had been  
blacktopped by the village, under the  
assumption that the village, in fact,

owned the property in question.

At this point the village  
produced a platt of their own,  
which showed that the village owned  
the property.

A comical scene unfolded for  
the dozen odd spectators as trustees  
and other officials poured over a  
series of maps, platfs, surveys and  
possibly Indian Treaties to clear up  
the matter.

It was learned that the parcel  
of land in question; a 100' by 150'  
section adjacent to Orchard Street at  
the northeast corner of the shopping  
center was part of Lot 80, which  
comprises the entire shopping center.

Because of the oddities of  
former titles, the lot is measured  
from the center of Orchard Street.  
However, here the two maps  
contradicted each other. Apparently,  
one shows 130 feet of property  
from the curb, while another

Firemen from Antioch work to contain blaze in the  
rear of home on Rte 3 of rural Antioch. The Saturday  
blaze began in the basement near a space heater. Fire  
Department officials listed \$8,000 damage to the building  
and \$2,000 to contents as a result of the fire. (staff photo)

indicates 110 feet, accounting for  
the 20 feet of blacktop.

A real monkey wrench  
appeared when it was learned that  
both maps were drawn up by the  
same firm.

Since no one was sure and  
Soloman wasn't available for a

decision, the matter is still up in the  
air. Mrs. Deutsch indicated that she  
had sent for a survey, but it would  
be two or three weeks before it  
arrived.

Until then, many people wait  
in breathless anticipation to discover  
just how this matter will be decided.

## Village Sticker Deadline FEB.. 15 th

In addition to the case of the missing property, the Antioch Village Board was the site for other, more serious, matters.

It was learned that the deadline for city vehicle stickers is February 15th. Cars not displaying the decal will be subject to a \$2 fine. These stickers may be purchased at the Village Offices, 874 Main Street.

Antioch Fire Chief Tod Maplethorpe announced that the water pumping capacity of the Village water system had been increased by 7%. Because of the increased potential between 100 and

150 additional people can now be served.

Snowmobile riders were cautioned by the Board to be on the look out for snow plows. Evidently, visibility and handling of the plows is not excellent and snowmobilers face a hazard if they should stray too close to them during operation.

Trustee Marge Nelson mentioned that she had received several calls from citizens who complained about the lack of snow removal in front of many village stores. The Board, however, was powerless to

Heather Hunley, Mr. Don Deuster and Joseph Hunley are having refreshments at the Coffee Hour in honor of Mr. Deuster. The coffee hour was held in the Hunley home. (staff photo)

## DEUSTER HONORED AT COFFEE

On Wednesday, February 2, 1972 the Joe Hunley's hosted a coffee hour in honor of Don Deuster who is a candidate for the Illinois State Legislature from this district. Friends and community leaders from the area were in attendance to hear candidate Deuster.

Mr. Deuster answered

questions from the audience and then spoke briefly on his reasons for wanting to be elected to the State Legislature and told of his personal qualifications for the post.

Coffee and

refreshments were served by the Hunley family to conclude a most informative and enjoyable afternoon. Future such events are planned to help bring candidate Deuster to the people in our 13th District.

## Orphans Find Family for One Day

The Northshore Snowseekers Snowmobile Club, as part of their annual "orphans day" activities treated 36 youngsters from the Central Baptist Childrens Home in Lake Villa, along with 12 supervisors, to a day of snowmobile riding at the Antioch Country Club on Sunday February 6th.

Members of the N.S.S.C. and their families took the children for rides on their snowmobiles over the spacious Country Club course.

The A.C.C. served hot chocolate and sweet rolls to the active youngsters throughout the chilly afternoon. Later, a dinner donated by the Shaeffer Meat Company and the National Baking Company was served as part of this worthwhile yearly event.

Among the objectives of the N.S.S.C. is the stimulation and advancement of snowmobile safety.

The children had a fun-filled, safe outing under

the guidance of Jim and Nora Olson; vice president and secretary of the club.

Jeff Santino, a spokesman for the Country Club explained that "The Club was proud to work with the Snowseekers and the Childrens Home." He added that the organizers of the special "day" hoped to "double the number of children they could entertain in next year's festivities."

## Township Truck Burns

The Antioch Township Public Works Department will need to consider the replacement of a truck following a February 2nd fire which rendered one of their vehicles a total loss.

Antioch Fire Chief Tod Maplethorpe called the truck "a total loss," but noted that it was an old truck and was valued at no more than \$1,500.

Apparently the fire began under the hood of the vehicle and may have been caused by electrical problems.

require the removal.

In it's last official act of the meeting, the Board instructed Kenneth Clark of the firm of Jacobs and Clark to update and codify the existing police code.

### Taxpayers Revolt A NAIVE APPROACH

The time for the annual blood-letting is again, nearly upon us. Each spring the excitement of weathering another winter and the anticipation of venturing from the snow induced exile is shattered when the realization hits us that the governments financial "fickle finger" is shoved hard against our chests.

I find it humorous that we taxpayers wait until now to go to the "waiting wall" and vent our pent up frustrations. In most cases, the decisions on how and when to spend our greenbacks has been made months before.

Because taxes have taken such a hefty bite of our checks, there is talk of an upcoming "taxpayers revolt." I doubt if such an occurrence will ever take place. The men in D.C. always have an ace in the hole. Without a doubt they will put through some unexpected and daring measure and diffuse the issue.

However, these sort of measures rarely cure the problem, but only offer temporary relief. People see a little more beef on the table, the chance to trade the old clunker for a shiny new metallic horse and let the issue drop, satisfied that their upraised voices have meant the difference.

What people don't realize is that they have been duped by a good P.R. job. This scene is repeated nearly every year as the taxpayer stops short of his goal, when in fact he has really only postponed facing the problem.

From my viewpoint a taxpayers revolt would be senseless and counter productive. What is needed is not a dollar rebellion, but a mental revolution.

If citizens would take an active interest in their government the whole year and not play the sour grapes game, they wouldn't have to swallow the annual bitter of fiscal frustration.

Citizens should scrutinize budget hearings; appropriations reports and keep abreast of how their dollars are going to be spent. All this information is available by writing your congressman or senator.

If you don't like what you see you do have a recourse. Write your representatives; tell them of your feelings.

Regardless of your cynical attitude, these men know that if they are to be reelected they must listen to their constituents. If enough of us wrote and made our feelings known, things would change.

If we were conscientious and did our homework all year, we wouldn't have to face the springtime "budget blues."

## Mc CLORY TO REPRESENT PRESIDENT AT LINCOLN DAY CEREMONY

Congressman Robert McClory will represent President Nixon in the wreathlaying ceremonies at the Lincoln Memorial in Washington on Saturday, February 12th. Mr. McClory played a similar role last year.

The Washington ceremonies, conducted under the auspices of the Military Order of the Loyal Legion (being descendants of soldiers who fought in the Civil War) will include the Secretary of the Army, Robert F. Froehke, Major-General Roland Gleszer, Commanding General of the District of Columbia, and other military and civilian personalities. The Dean of the Diplomatic Corps, Ambassador Guillermo Sevilla of Nicaragua, and officials of the District of Columbia government will also participate in the colorful program in Washington.

This year's ceremony marks the 50th Anniversary of the dedication of the Lincoln Memorial which includes a statue of the great emancipator seated in the center of the memorial created in the style of the Greek Parthenon. The memorial chamber contains etched transcripts of Lincoln's most famous Gettysburg and Second Inaugural Addresses.

As a Representative from Illinois - the Land of Lincoln - Mr. McClory will lay the Presidential wreath at the foot of the statue of Lincoln and will deliver a brief message in behalf of the President at this historic occasion.

#### SPEAK OUT by Gigi Spittle

This week I am writing for the "ecology-minded" people of Antioch. POLLUTION is the main topic, and I received many interesting views on this subject that I would like to share with you.

This week's questions were:

"IS POLLUTION A PROBLEM IN ANTIOCH? WHAT CAN WE DO INDIVIDUALLY TO HELP SOLVE THIS PROBLEM?"

Many people were concerned about our lakes. MRS BARBARA MADDEN of Oak Street, Antioch, said there's a lot of pollution in the water. A little over a year ago her husband and she bought a pool because the lake they were going to go swimming in was an icky

green and you couldn't see the bottom. "That's Pollution!", she stated. "The only thing we can do about the lakes is prevent the sewages from seeping into the water." She added, "I

was surprised to learn that the ground by the houses on the lake is too wet to put in septic tanks so the waste goes right into the water."

STANLEY WIECZORIK of Channel Lake says, "more people would have disposal bags in their boats when they're out on the lake. Then throw these bags into a garbage can instead of tossing junk into the water." His solution to this problem is, "Someone should put up signs prohibiting littering in the water like the signs on the highway."

MR AND MRS MICHAEL SCHMIDT of Sunset Lane, Antioch, contributed the following, "when people take out their garbage cans without lids, the wind blows the garbage all over. If people would start using lids or chain down the garbage, there wouldn't be such a mess." I asked his opinion of smoke pollution, to which he replied, "There's no smoke here since they eliminated leaf burning."

My personal gripe on

pollution is seeing more and more people throwing out garbage from their cars. Let's all get a bag to throw the junk in!

Peace till next week.

Gigi

# No "Tilt" in Antioch's China Policy

HENRY A. PICKARD JR.

Recent global developments have made China a more commonly used word. However, for people in Antioch, China has been a household word for better than three decades.

This week, Antioch's "China" will mark its 35th year of operation in the village. Along with this milestone goes the distinction of being its oldest continuing industry; PICKARD CHINA.

In 1937 the firm of Pickard Studios Inc. moved their operation from Chicago to the sleepy village of Antioch. Previously Pickard had been in the business of hand decorating and painting china.

However, after purchasing the Corona Pen Co. building it began to produce its own china and enlarge its decorating staff.

Pickard China is anything but the typical manufacturing operation. Most of the work is done by hand and not mass produced. Skilled artists work in an unhurried manner, deftly working clay like lumps into the fine chinaware that many consider the world's best.

Henry A. Pickard Jr. the third generation owner is himself as improbable a figure as is his company. Doffing his sports coat, he walked with sleeves rolled up, among the tall rows of finished and uncompleted china to speak with many of his employees. The conversations, never of a strained nature, were always on a first name basis and shifted from typical "shop

talk" to queries of family and home life.

Pickard said that the beginnings of business were understandably small, but the plant had been expanded several times to increase the area needed for production.

He went on to say that "rather than become one of the many firms making inexpensive china, Pickard decided to produce only the finest quality."

"Besides" he explained, "in an industry where two-thirds of the cost is in labor, it would be ridiculous to attempt to compete with imported firms whose labor costs are much lower than our own."

Quality is indeed the keyword at Pickard. Every piece must pass a series of inspections before the Pickard name is affixed. China which is flawless to the naked eye is marked as "seconds" because they are imperceptibly warped and may not stack perfectly.

Pickard has had the honor of creating the state china for Iowa, Louisiana and Illinois, the last three states to commission new services. Previous to these states, Texas and Georgia had their official state service produced by the Antioch firm.

The 80 employees at

Pickard are all serious craftsmen. An unusual amount of skill and attention is required of them. Much of their work is slow and tedious, as would be expected, for their beautiful creations.

Mr. Pickard mentioned that his staff, with only a few exceptions, are all Antioch residents. "It's a policy we've always followed. We prefer to hire and train only people from the Antioch area," he said.

So, in the workings of its citizens and their owner, Antioch produces the most renowned of the world's china.

## NATURAL FOODS

### DINNER

The S.E.A. (Students for Environmental Awareness) is sponsoring a NATURAL FOODS DINNER on Thursday, February 10th at 6:30 p.m. The dinner will be held in the ACHS cafeteria.

Admission price will be \$2.50 per person. The dinner will be followed by an informative movie on pollution.

For information about advance sales tickets: Phone 395-1421 Ext. 42 from 8 a.m. to 4 p.m.

## SHERIFF'S DEPUTY INDICTED

### IN ALLEGED BRUTALITY CASE

A Waukegan Grand Jury returned an indictment against Lake County Sheriff's Deputy William Denis Monday, on charges he used excessive force in obtaining information from a suspect in a speeding chase. Following the indictment Denis was placed on \$5000 bond by Judge LaVerne A. Dixon. Denis was also charged on a case of battery.

The charges stem from the case of Ronald Hopper, 17 of Antioch who was allegedly beaten following a January 10th high speed chase down Rte 59 in which

he was a passenger in the speeding auto.

Denis will now face criminal charges before a regular court.

Patrolman Harold Mason of Antioch, who was the arresting officer and apparently was not involved in the reported beating, was subpoenaed and questioned by the grand jury.

Mason remained behind closed doors with the group for 30 to 45 minutes.

When he reappeared, no decision had been made as to possible charges against him and fellow officers from Fox Lake.

### SMOKE Signals

All sorts of rumors were heard going around school this week; everyone had their own version of what the mystery assembly was going to be like. The mystery was solved Friday, however, when the STUDENT COUNCIL provided us with a preview glimpse of a rock group called the FREE FAIR. They put on a really entertaining show with a lot of singing and a few amusing side spots. What's your hobby, Mr. Andrews?! But this was only the beginning. The FREE FAIR put on a really fantastic concert, in the gym Tuesday night. It started at 7:30 and lasted about one and a half hours. I'm sure everyone had a very good time!

We're No. 1 ... We're No. 1 ... Congratulations to all the wrestling teams. They ALL took FIRST PLACE in the conference! JOHN ROBERTS became the 1972 conference champ in the 98 lb. weight class and many of the other varsity players placed second and third. The varsity meet was held at Warren and the sophmores at Grant. They started Friday night with eliminations and lasted until finals Saturday night. That nice shiny trophy will sure look good in our case! It took a lot of work to get it!

Congratulations are also in order for the members of the STAGE BAND and the COMBO. Both groups participated in the Oak Lawn contest on Saturday. The combo received the highest award, a superior! The stage band also did a good job as they received the second highest award of an excellent. I'm sure a lot of practice went into those performances too!!

The basketball SEQUOITS suffered a heartbreaking defeat this weekend. They lost to Lake Zurich by one point Friday night! Oh well, there's still districts to look forward to. Our team has been working hard and should be able to put on a good show there.

Auditions for the spring musical OF THEE I SING will start either the end of this week or the beginning of next week. A large cast is needed so all you budding actors and actresses be sure to try out!

See you next week.

## Remember When?

Remember when? We don't, but maybe some of you do. We know it's Antioch, but just when and where is another story. For the next few weeks we will publish a photo from a

A note from Elsie Pape gives us a description of our last weeks' REMEMBER WHEN photo. It is Main Street looking North from the corner of Lake St. and Main. The bank on the right is where Elmer Brook worked, and

time long past in hopes for some it might spark a fond memory.

If you should happen to know when and where let us know! We would be very much interested. Also if any of you

beyond is Keulman's Jewelry and Webb Grocery, the Fire Dept and the Methodist Church at the far end of the street.

Mrs. Pape wrote that "Henry and I moved to Antioch in 1917 and this is the way it looked then."

have a very interesting "remember when" photo of Antioch and would like to share a memory with others, we will try to print it for you.

The REMEMBER WHEN pictures today come from Mrs. Anna Zalatoris, of Rt. 3, Antioch. Sending them to us with a friendly little letter Mrs. Zalatoris says she has been a subscriber to our paper for 35 years. Heres hoping she will be with us for another 35+. Thank you.

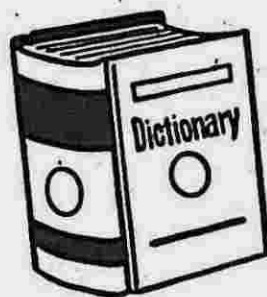

## Pancake Dinner Planned

The Church of The Holy Family in Lake Villa is having another of its famous pancake dinners Tuesday evening, February 15th from 5:30 until 7:30 p.m. This will be the 12th annual pancake dinner sponsored by the Bishop's Committee. Mr. Richard C. Wayne, of Grandwood Park, is chairman of the event this year and promises "All you can eat!"

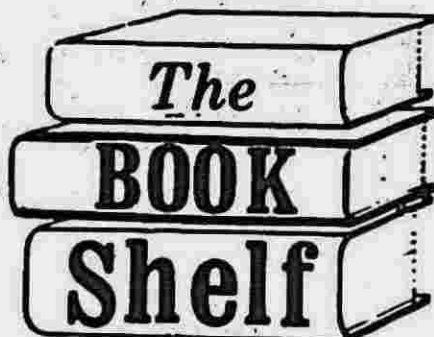

The men of Holy Family prepare and serve the delicious pancakes smothered in melted butter and syrup, fresh pork sausages and hot coffee.

Tickets are available from members of the church and will be on sale at the door. Children under 15 are admitted for 75 cents, adults are \$1.50. Proceeds are used

for the maintenance of the church. Father Vincent Fish is vicar of Church of The Holy Family which is located at 1815 Lehmann Blvd., in Lake Villa.

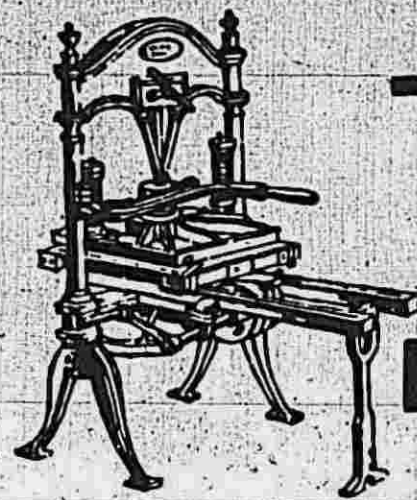

SONGS FROM THE NIGHT BEFORE by Anthony Tuttle. A contemporary novel about a crown of "beautiful people" and the upper East Side pub they frequent. The central character is the tavern keeper, whose life is a reflection of those of the people he serves.

WOULD YOU BELIEVE LOVE? by Eliza McCormack. Sophie's suburban existence as the mother of two adolescents and an insipid wife is abruptly changed when she meets young and committed Gabriel.

Library hours are from Noon to 9:00 P.M. Saturday from 10:00 A.M. to 5:00 P.M. Have you taken the time to check our fine reference library lately? Your answer is just waiting there for you.

## The Time Machine

### 70 YEARS AGO - FEBRUARY 6, 1902

"Miss Florence Ben-Oliel of Jerusalem will give an oriental entertainment, Glimpse of Life in Palestine at the M.E. Church February 17, 18 and 19. This is to pay for the new bell. The weight of the bell is 1,400 lbs and is a very clear tone that can be heard for many miles.

## Feb. 12 Opening Night for PM&L Lend Me Your Ear

PM&L members have tried for years to get their Board Secretary, Aileen Biel, on stage. Ken Smouse, the director of LEND AN EAR has finally found a role that Aileen couldn't resist - that of a bawdy English ballade singer. The instrument in her hands is Aileen's version of a one stringed "Twang".

In spite of a leaking roof over the stage, severe cold requiring booster heating, and Mother Nature's gift of influenza to several of the players, the show will open as planned Saturday nite, February 12 and continue on the following two Friday and Saturday nights.

Come out for an evening of musical entertainment and help support your local theatre group. Make your reservations NOW by calling 395-9702.

### TWO ANTIOCH GROUPS

#### EXCELL AT JAZZ FESTIVAL

Two groups of musicians from Antioch High School entered the prestigious 13th annual Oak Lawn Jazz Festival on February 5th and walked away with high ratings.

A combo, comprised of Phil Martinez at organ; Gary Rush on tenor sax; Ron Tuminello on string bass; Dave Rush, percussion and Jerry Smouse and Bill Gable on trumpet received a superior rating. The group earned a "first" and were judged only three points away from a perfect

performance.

The Stage Band earned an excellent rating and a "second" based on their fine performance.

Judges for the one day event were of a very high caliber. They included Ron Modell, Director of the Jazz Program for Northern Illinois University's School of Music and Charles Suber, publisher of DOWN BEAT magazine, a popular jazz periodical.

The next performance in competition for the groups will be on March 18th at the Mundelein Jazz Festival.

With Valentines Day coming up on next Monday February 14, we can't let the weekend go by without something from the "Lovin Oven" that is red, and pretty, and tastes just luscious!!

A very prize receipe is the Famous RED CAKE. Here it is. It is well worth the fuss making it.

## red cake

2 - 8 inch cake pans

Bake 30-35 minutes in 350 degree oven

Mix together and set aside;

Four 1/2 oz. bottles of Red Food Color

2-3 Tblsp. of Nestles Cocoa Mix.

Cream together, then add coloring paste:

1/2 cup shortening

1 1/2 cup sugar

3 whole eggs

Add alternately:

1 cup buttermilk

2 1/2 cups cake flour sifted 3 times

Add, mix well and remove from mixer

1 scant tsp. salt

1 tsp vanilla

Fold gently 1 Tblsp. vinegar and 1 tsp. soda.

Bake in well greased loaf pan or 2 8-inch layer pans. 30-35 minutes at 350 degrees

ICING:

CREAM: 1 stick oleo and 8 tablespoons crisco and 1 cup granulated sugar

BEAT: in mixer until very fluffy

ADD: 3 tablespoons flour - (one at a time)

ADD: 2/3 cup milk slowly (at room temperature)

ADD: 1 teaspoon vanilla

BEAT WELL UNTIL ICING IS NOT GRITTY. DO NOT COOK

## P T A Fun Fair in the Making

### SPECIAL MESSAGE

#### FOR CHILDREN

Don't forget Sunday, 27th February, 1972. There is going to be a big Fun Fair in the Antioch Grade School Gym for six exciting hours, 1 p.m. to 7 p.m.

In one of the booths you will be able to throw darts at your FAVORITE (?) School Adult.

Save your nickels and dimes.

## Along the Way with *Annie Mae*

Do you have the "winter blues?" Snap out, and plan to attend one of the performances of PM&L's new play "Lend An Ear". The musical comedy starts Friday the 12th of February, following performances are on the 18, 19, 25 & 26th. Phone for reservations NOW.

Fact for the day: Did you know that the "weight watchers group here in Antioch will be celebrating their first anniversary, and that they have lost a total of 4,000 lbs?? That's a lot of calories! !!

Happy belated birthday to HERBERT HORTON SR. and CHERYL CRAWFORD, who both celebrated their day on February 6th. Happy birthday to ROY KEIFER and GEORGE MURRIE on the 10th and RUTH BOBZIEN on the 13th.

More birthdays to ANN BORCHARDT on Feb. 9th, JOANNE SPRINGER on Feb 13, and MRS LOTTIE VEJVODA on the 14th. How about that, a valentine birthday.

Get well wishes go to DANNY REBAND, ELSIE VENDL, EMILY MILOWSKI and ELAINE "SKIP" LAYTON who has been laid up for about 4 months. Up and attem.

Get well wishes to ELEANOR WALSH AND JUDY WEST. Speaking of get wells, Sure hope the old adage "everything happens in 3's" isn't true! February 7th GLADYS WALLACE slipped

on the ice and broke her wrist. This past weekend our "smiling" secretary at the B-J Rush Enterprises, GERRI AMUNDSEN, slipped, fell and broke her ankle. Our thoughts are with you gals - but we don't need any more ice mishaps! to make the third one.

Lester Sperling, Governor of Antioch 525 Loyal Order of the Moose is in room 331 in Condell Memorial Hospital, Libertyville. Please remember him with cards and letters.

The DICK ENDRIES FAMILY will long remember their recent trip to Florida. This was the first flight for the children, BILLY, SHARON, AND MARY LYNN. Renting a car they covered over 600 miles in 5 days - Toured Disneyland and all they can say about that is "Fantastic". The Hall of Presidents was the most realistic they had ever seen. Also they got to see Nasa Space Center.

The High School PTA meeting was held last Wednesday night, Feb. 2.

With the cold weather there wasn't a large crowd. A check was presented for \$1,200 by Tim Mieure to the PTA as their 1/2 of the proceeds from the Cubs ball game. The money will go for scholarships.

They also announced that March 25 is set as a tentative date for a referendum. In the meantime a planning commission and group of interested adults will be appointed to prepare for informing the public.

Our condolences to the COSTOFF FAMILY'S on the loss of their FATHER, MICHAEL.

So glad to hear that DELORES PIERCE has finally made it back to work (if only part-time) at the State Bank. Delores was struck by a car quite some time ago and we are glad she is finally getting out.

GEORGE and ALICE PALASKE have just returned from their wonderful vacation - the first "leg" being a Ships Cruise from South America stopping a 5 islands and finally flying home from San Juan Porto Rico after 8 fun-filled days. - BUT - That isn't all! Alice said, "The best was yet to come". Changing from summer clothes to winter things George and Alice flew off to Tacoma and Seattle Washington where they visited with Alice's mother

and sister and family. THEN they flew to San Francisco for a marvelous finish to their "yearly honeymoon".

MR. and MRS. RAYMOND SCARPELLI of Sabrina Manor just recently returned from a 10 day jaunt west stopping at International Hilton in Las Vegas to meet MR. and MRS. JOHN TERESI. After a 3 day B.A.A.M. dealer's convention the foursome jetted on to the LaCasta

County Club in California. There the couples enjoyed seven days of golfing, deep sea diving and fishing. Oh those - tans!

Well, on my way,

Annie Mae

## Santino to Speak at Chamber Meeting

The Antioch Chamber of Commerce in its constant effort to keep the community informed on matters important to us all, has arranged for Mr. Thomas F. Santino, owner of the Antioch Country Club, to be its guest speaker at a buffet luncheon on Monday, March 6, 1972. Mr. Santino will present his plans and answer questions concerning the development of the area known as the Antioch Country Club. The Chamber intends this to be an informative luncheon where accurate information may be

acquired that will aid each person in making their own decision as to the merit of the project for Antioch.

Tickets may be purchased at the Chamber Office weekdays between 9 a.m. and 12:00 noon, or by calling 395-3381. The cost is \$2.75 which includes both, tax and tip. Lunch will be served promptly at noon at Lorenz's Smart Country House, Rte 173 and Tiffany Road.

You need not be a member of the Chamber to attend this luncheon and we do request that you make a reservation early.

## Chester J. Golonka Scholarship Musical

Applications are now being accepted for the Chester J. Golonka Musical scholarship. The scholarship is sponsored by the Antioch Grade School Band Parents Association and provides for a grant of up to \$300 per year to a winning applicant. In the event of two recipients, up to \$200 will be awarded to each eligible student.

The scholarship is open to all high school seniors intending to major in music in college. Any area of music is acceptable as a major including music education. Determination of winning applicants will be made by George Olisar, Grade School Band Director, and the high school band director, with a committee of Band Parents Association officers. Preference will be given to former members of the Antioch Grade School Band.

The memorial scholarship honors Chester J. Golonka, who was an enthusiastic supporter of the band and an officer of the Band Parents Association for many years. The scholarship was established in 1971 and the first recipient was Ronald Turzy, who is presently attending Eastern University.

Interested students may obtain application forms from Mr. E. Kurek at the high school office. Completed forms must be in the hands of the selection committee by April 9.

## 22nd Allbreed Cat Show Coming Soon

Easter Weekend, April 1-2, 1972, is the time North Shore Cat Club, Inc., will present its 22nd Allbreed show at the Lake County Fairgrounds, Rtes. 120 and 45, in Grayslake, Illinois. Exhibitors from many parts of the country will compete for a wide array of trophies and ribbons.

In addition to the championship and purebred competition, North Shore will feature two Household Pet shows. In one show, the household pets will be judged by the same judges handling the pedigreed cats. For this show, cats must be vetted in (examined by the veterinarian) between 7:00 and 9:00 a.m. on Saturday morning and must be present both days of the show.

The second household pet show will consist of one judging on Sunday afternoon. Cats must be brought to the showhall in a carrier or other escape-proof container. The two-day household pet show is limited to 35 entries; blanks may be obtained by writing Mrs. Lynne Beck, 4137 N. Laramie, Chicago, Ill. 60641.

Entries for the single judging are unlimited and forms are available by writing Mrs. Sharon Romjue, 5650 N. Spaulding, Chicago, Ill. 60659.

A portion of the proceeds will be donated to organizations engaged in various aspects of feline medical research.

## CHERYL LANDMANN - PATRICK SHEEHAN ENGAGEMENT ANNOUNCED

Mr. and Mrs. Fred Landmann, Route 2, Brillion, Wis., have announced the

engagement of their daughter, Cheryl Jeane, to Patrick D. Sheehan, son of Mr. and Mrs. Joseph Sheehan, Route 2, Antioch, Illinois.

Miss Landmann, a graduate of North Central College, Naperville, Illinois, is teaching second grade in the Antioch School System, Antioch, Illinois. Her fiancé, having completed four years of service with the U.S. Air Force, is presently attending the College of Lake County, Grayslake, Illinois.

An August wedding is being planned.

## American Legion Auxiliary News

In the icy dawn of February 3, 1943, the S. S. Dorchester, an old ship hastily pressed into service as a troop transport, was pushing through North Atlantic waters with 900 American servicemen bound for Greenland. She was close enough to her destination that her convoy had left her. A Nazi submarine had been stalking her undetected, and now, with the convoy gone, sent a torpedo slithering through the murky waters. The deadly missile struck amidships and exploded in the boiler room. Many died instantly, while others were trapped below deck. Jolted from their bunks, sleepy sailors and soldiers clambered to reach the decks of the stricken ship.

On deck, amid confusion and terror, four U. S. Army Chaplains were calming frightened men, directing them to lifeboats, and distributing life jackets. The supply of life jackets were soon exhausted, but four young soldiers stood waiting. They were afraid and had no life jackets. Quickly the four Chaplains stripped off their own and forced them upon the young soldiers.

The four men of God

had given away their only means of saving themselves in order to save others. What is especially wonderful about this epic of heroism is the fact that these Chaplains were of different faiths—two were Protestant, one a Catholic priest and one a Jewish Rabbi. Men rowing away from the stricken ship saw the four Chaplains clinging to each other on the slanting deck, with linked hands and bowed heads, all praying together. The S. S. Dorchester sank beneath the freezing waters with the four Chaplains and some 600 servicemen.

In 1951, the Chapel of the Four Chaplains was dedicated to the memory of these brave Men of God. In the heart of a great city, Philadelphia; on the campus of Temple University, the beautiful Chapel opens its doors to people of all races and religious faiths. Every Sunday, there is a service held at the altars of the three major faiths.

Mrs. Ann Solberg, Zion, district chaplain of the 10th District American Legion Auxiliary, reminds the Units that it is again time to be sending their contributions to this Chapel of Four Chaplains, on this

the 39th anniversary of the sinking of the S. S. Dorchester. Their donations aid in the presentation of this story of interfaith to civic, veteran and youth groups throughout the nation; advising in the construction of interfaith chapels in universities, hospitals, airports, etc.; and awarding the Legion of Honor to people who have performed acts of heroism. Nearly every Auxiliary Unit gives funds to this worthwhile project.

All Units are asked to participate in the annual "Book of Prayers and Devotional Thoughts" contest. Rules regarding this contest have been sent to the Unit Presidents. Mrs. Solberg must receive these entries by May 1st, 1972.

Mrs. F. A. Swenson, Chaplain of the Antioch American Legion Auxiliary No. 748, reports that the Antioch Unit has donated to the Interfaith Chapel of Four Chaplains for many years.

There will be a 2nd Division Leadership Development Training Course held for Junior members only on February 13th, at the Wheaton American Legion Home, with registration at 9:00 A.M., and the session starting at 9:30 A.M. There will be a half hour break for luncheon, and the Course will be finished by 2:30 P.M. Mrs. Jerome Murphy,

Aurora, State Leadership Training Chairman; and Mrs. George Mersman, Lockport, 2nd Division chairman, will conduct the session. Mrs. Ray Rathmann, Antioch, Division Vice President and 10th District junior activities chairman, plans to be present, and hopes that there will be a good attendance of 10th District Junior members.

## Social Notes

by Del Jahneke

The Al Sodman's, Beach Grove Road, have just returned from a fabulous, fun-filled three week vacation in sunny Florida. While there, they were not only enjoying the beautiful scenery and climate, but were also having many pleasant visits with old friends from the Antioch area. First on the agenda was seeing the David Neveliers and Les and Ann Heath at Nokomis. Then, Gen and Al went on to Goodland, where they visited John and Lorraine Blackman, and Cal and Marian Hardin. One evening, they all went square-dancing, with the addition of Ed and Tess

Baumann, also formerly of Antioch.

At Lakeland, they saw Roy and Ida Kufalk. Next they toured Florida Disneyland, and found it even more wonderful than they had heard. They also had a brief reunion with Army friends of Al's from World War II. They stayed at Daytona Beach and watched some practice runs at the speedway. Although they were disappointed they had to miss viewing any races, they still had a splendid time at Daytona.

On their return trip, they found it so freezing cold at Nashville, Tennessee, that they had to bring all the fruit they'd bought in Florida into their motel to make sure it wouldn't be frozen. In Nashville, they met one of Gen's former Antioch High School classmates - Dorothy Peters Sterrenberg. The Sterrenbergs gave them a tremendous personally conducted sight seeing tour of Nashville.

Gen's parents, the Barney Neveliers, stayed with the Sodman sons while they were gone, and were delighted with all the good news of friends and relatives as Gen and Al told them of their trip.

The new Junior Girl Scout Troop No. 204 have been busily fashioning attractive sachets for their mothers on Valentine Day. According to Mrs. Jenny Frenchik, leader, the girls will be having a Valentine party on February 11th, at the Antioch Scout Home, from 3:30 to 5:00 p.m. On February 18th, at the same time and place, an Investiture will be held. Eight new girls will be joining the troop - Karen Boarini, Kim Frenchik, Pat Gromala, Paulette Krelach, Donna Le Monier, Dawn Mancuso, Heidi Niemann and Nancy Prudzik. CONGRATULATIONS, GIRLS, AND TO YOUR LEADERS, MRS. FRENCHIK AND MRS. RALPH SCHAFFER!

The junior Ed Jahneke's of Antioch hosted the Bible Study Class of young couples from the Antioch Evangelical Free Church at their home, February 4th. Those present from the Antioch vicinity were the Alan Knutesens, the Robert Andersons, the Robert Dunlaps and the John Handschiegels, Grass Lake. After their study class, an open discussion follows, with social hour and refreshments afterwards.

EVE JANUARY

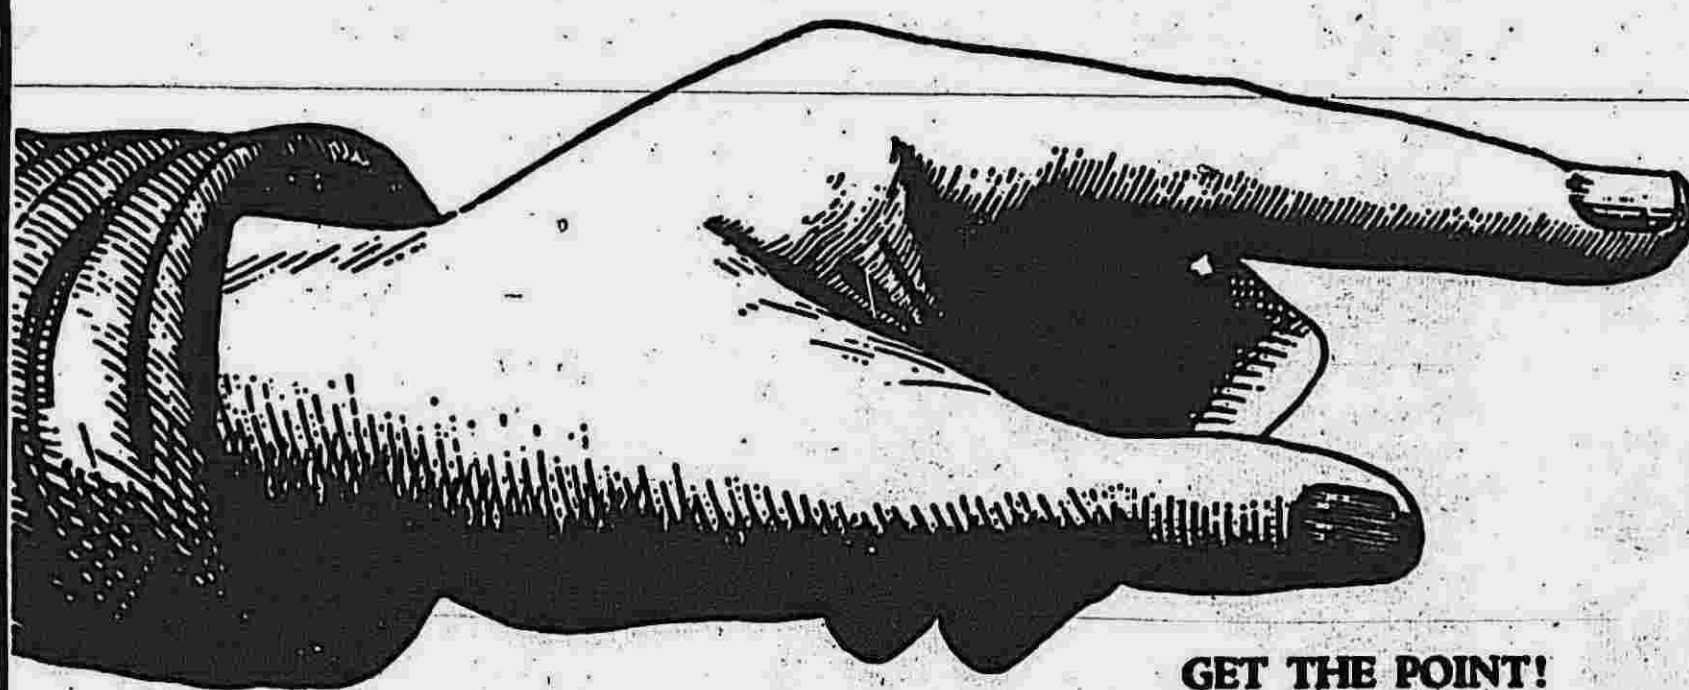

ON DEAN'S LIST

Rockford College reports 196 students honored for academic achievement during the first semester of the 1971-'72 year. Included are 75 students who achieved the Distinguished Scholars List, indicating a grade point average of 3.75 or better, and 121 students on the Dean's List (requiring a 3.25 grade point average).

Eve January, daughter of Mr. and Mrs. E.L. January, Route 2, Antioch, a freshman, was named to the Dean's List.

# "JODI" Dog of the Year!

WEDNESDAY FEBRUARY 9, 1972

THE ANTIOCH NEWS

Page 11

This year (1971) the "Dog of the Year" Award for German Breeds has been presented to Vizsla. For the record, this is the first time any Vizsla has ever won this award.

This award is presented on an accumulation of points for the number of trials entered by a dog, the placement he won, how many dogs were in that stake and how many dogs he beat out for that placement. The only trials that count are the trials that are run by Illinois Clubs and these Clubs must be a member of the Field Trial Clubs of Illinois. This Award is sponsored each year by this organization. Some 1,500 dogs are in competition for this from the Midwest Area. In 1967,

"JODI" was 5th runner-up for the same award with this also being the first time a Vizsla ever made their top ten list.

During the past Field Trial year, Lew Simon, ("JODI'S" owner and handler) has worked and campaigned very hard to capture this award. He has been field trialing "JODI" since he was a pup and did all the necessary training by himself. Lew often admits that "JODI" carried him for the first few years of trials while Lew was learning the ropes.

"JODI" is the first male Vizsla to have won a Field Championship at the age of 3 years and he has been consistently winning ever since. To-date he has a total of 64 AKC points with enough of these being major

wins to make him a Field Champion 6 times.

At present, "JODI" is also the Number One Vizsla Field Trial dog in the United States.

All of these are great feats for any breed, extraordinary feats for a Vizsla due to their rarity.

A great Award given to a most deserving Vizsla.

## STAFF SERGEANT HARRY C. SPEARS

With U. S. Combat Air Forces, Vietnam - U. S. Air Force Staff Sergeant Harry C. Spears Jr., son of Mr. and Mrs. Harry Spears, 2405 E. Sunset Lane, Lindenhurst, Ill., has arrived for duty at Tan Son Nhut AB, Vietnam.

Sergeant Spears, a radio operator, is in a unit of the Air Force Communications Service which provides global communications and air traffic control for the USAF. He previously served at Travis AFB, Calif.

The sergeant is a 1960 graduate of York Community High School, Elmhurst, Ill.

Airman Michael H. Schneider, son of Mr. and Mrs. Henry D. Schneider of 1808 Academy Drive, Lake Villa, Ill., has graduated at Sheppard AFB, Tex., from the U. S. Air Force aircraft mechanic course conducted by the Air Training Command.

The airman, who was

## CANDICE HORN TEACHING IN MANNHEIM

An Antioch student is among a total of 680 Illinois State University students in professional education who are beginning their teaching internships in schools throughout Illinois.

Miss Candice Horn of Rural Route 1 will soon begin her teaching assignment in the Roy School in Mannheim. She will instruct students in grades four through six.

The internship program of which she is a part, involves student teaching,

observation, participation studies of individual pupils and research. Professional laboratory experiences prior to the internship themselves

are usually integral parts of specific college courses.

Students are usually assigned to a school for nine weeks, when they do full time student teaching. While there, they work with supervising teachers and administration and literally become members of the school staff and community in which they work.

## DANIEL B. FORSTER,

Daniel B. Forster, son of Mr. and Mrs. Herb N. Forster, Jr., 734 Park, Lake Villa, Ill., has been promoted to airman first class in the U. S. Air Force.

Airman Forster is an F-105 Thunderchief fighter bomber aircraft maintenance specialist at McConnell AFB, Kan. He is in a unit of the Technical Air Command which provides combat units for air support of U.S. ground forces.

He attended Grayslake (Ill.) High School

## DON GAA JR ELECTED FRAT PRESIDENT

Don Gaa Jr., son of Mr. and Mrs. Donald Gaa, David Street, Antioch was just elected President of the Sigma Nu Chi fraternity.

A junior at St. Norberts College in DePere Wisconsin, Don is majoring in Business Administration. He is also a 3rd year ROTC cadet.

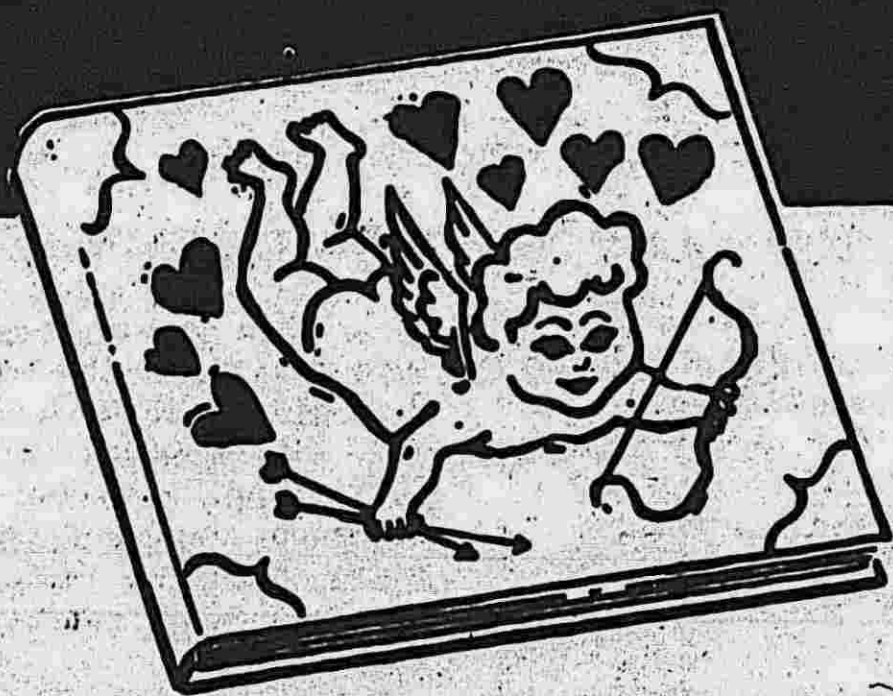

## AIRMAN MICHAEL H. SCHNEIDER

trained to repair current Air Force jet fighters, is being assigned to Laredo AFB, Texas, for duty with a unit of the Air Training Command which provides flying, technical and basic military training for U. S. Air Force personnel.

Airman Schneider, a

1970 graduate of Antioch Community High School, attended the University of Illinois.

## Library at CLC Open to Public

"District residents are welcome to use the College of Lake County library and its facilities," Mr. Tom Buchta, Assistant Dean of Learning Resources, announced recently. A library privilege policy, recently adopted by the College Board of Trustees, extends the many services of the Learning Resource Center to residents of the District. The policy makes possible the issuance, by the CLC Learning Resource Center staff, of library cards to non-students who are residents of the College District.

Buchta pointed out, "The primary function of the Center is to service the needs of our students. Priority use of materials will go to currently enrolled students. It may be necessary, therefore, to place restrictions for non-students on the circulation of special materials and equipment."

"The College extends an invitation for non-students to visit the College library and explore the growing collection of books, periodicals, and research materials housed in Building No. 2 of the interim campus," Buchta noted. In the past year, 18,000 new titles have been

added, giving the Learning Resource Center a volume total in excess of 30,000 titles. The College of Lake County library subscribes to over 500 periodicals, approximately 80 of these are available on microfilm. In addition to its printed materials, the library has developed a small collection of audio-visual materials which patrons may use for viewing or listening within the library facilities.

"Much of this rapid growth was made possible by the generous donations of foundations and individuals during this past year. From the Fred D. Harding collection, the library received approximately 500 books of the Heritage Press Series, many of which are out of print today. The library was also fortunate in being able to accept 1,200 volumes from the Maryknoll College collection. The College is deeply indebted to the Petersen Foundation for a \$100,000 gift earmarked for library acquisition," Buchta stated.

Buchta announced that the library is open from 7:30 a.m. to 9:00 p.m. Monday through Thursday and 7:30 a.m. to 7:00 p.m. on Friday. At the present time, the library is not open on Saturday or Sunday.

### GETTING BY

It's one of those penetratingly cold days. The wind is 20 m.p.h., and the temperature is in the low teens. The discomfort index is something else.

And, of course, the windows are iced over.

The temptation is strong to scrape just enough of an area so you can "get by," and rely on the defroster to take care of the rest later with a little help from the bright sun.

Unfortunately, some drivers have found

out-accidentally—that "getting by," even for a short time, can lead to a lot of trouble.

Just "getting by" doesn't get it!

Before your vehicle rolls an inch be sure you can see clearly and with a wide range of vision. That means scraping and cleaning off all windows and mirrors thoroughly.

Peephole vision leads to a peephole driving performance. That can mean trouble.

See! Warns the Lake County Safety Commission.

### LIBERTYVILLE HIGH

### HOSTS STUDENT

### EXCHANGE MEETING

High school seniors interested in foreign study under the Youth For Understanding program, together with parents and school officials, are meeting Monday evening, February 14, in the cafeteria at Libertyville High School. The 8:00 p.m. meeting is open to the public.

Present to discuss the teen-age overseas living and study programs will be Congressman Robert McClory, an active proponent of student exchanges, Mr. Arthur Collingsworth, Director of Public Affairs for Youth For Understanding, and Mr. Carlos Russo, Program Coordinator.

The Youth For Understanding program is celebrating its 20th year of exchange student activities. During this period, some 30,000 students have participated - most having visited the United States from some 45 foreign countries. However, the new emphasis on foreign study for American students includes a variety of programs. Since the start of the overseas program of YFU, some 11,000 American teen-agers have enjoyed foreign study and living experiences including 435 who participated in a 14-month overseas program last year.

Details of the program will be presented by Mr. Collingsworth and Mr. Russo, with the expectation that Kane, Lake, and McHenry Counties - comprising the new 13th Congressional District - may serve as a pilot area for an expansion of the YFU student exchange program.

Youth for Understanding was honored last week in the U. S. House of Representatives when more than 40 Members of Congress participated in lauding the

## CLC Accredited for Dental Assistants

The Council on Dental Education of the American Dental Association has announced that the College of Lake County has been given full approval and accreditation for its dental assisting program. Sixty-eight dental assisting programs were considered by the Council. Of these, only four were granted full approval.

In commenting on the Council's action, Dr. Richard Erzen, President of the College, stated, "The fact that we were one of four institutions fully accredited at this time, coupled with the fact that we were the only institution to jump from preliminary provisional approval to full approval, is significant."

An on-site evaluation of the dental assisting program offered by the College of Lake County was conducted on October 5, 1971 by a committee of the Council on Dental Education. On December 10, 1971, the Council reviewed the formal report submitted by the visiting committee, adopted a resolution, and changed the accreditation classification of the program from "preliminary provisional approval" to "approval."

In taking this action, the Council stipulated that continued accreditation of the program would be dependent upon receipt of a progress report indicating the degree to which recommendations contained in a formal report have been

implemented. The Council requested that the progress report be submitted for consideration during its December, 1972 meeting.

Mrs. Suzanne Wunderlich, Director of the Dental Assisting Program, was commended by the committee for her commitment to the Program as "evidenced by her extensive teaching assignments and her concern for providing quality instruction."

The College was commended for its demonstration of an in-depth knowledge of all aspects of the program, its interest in program improvement through budgeting sufficient funds and providing equipment of modern design of a laboratory and operatory, and the efficient screening and admission procedure which had been developed. Currently, eleven students representing many communities in Lake County are enrolled in the CLC dental assisting program. Twenty-one women have graduated from the one-year curriculum and more than 90 percent are employed as assistants in local dentists' offices or government clinics.

Furthermore, the visiting committee concurred with the College of Lake County's desire to establish a dental hygiene program and noted that, as a result, additional faculty strength and depth would be provided in the dental assisting program.

YFU on its 20th Anniversary The congratulatory remarks included a message from President Nixon.

The Youth For Understanding program was established in January 1952 when Mrs. Rachel Andresen, the then Director of the Ann Arbor Council of Churches, became the first Director of the program. The YFU activity complements the American

Field Service and other student exchange programs. Dr. Eleanor Lansing Dulles, Professor of International Relations at Georgetown University, Washington, D. C. and sister of the late Secretary of State, John Foster Dulles, several former Ambassadors, various church leaders and educators are among the Officers, Board Members, and Consultants of the Youth For Understanding organization.

### HIGH INTEREST FOR

### TOWN AND COUNTRY ART SHOW

Hundreds of amateur artists of all ages and from all areas of Lake County are eagerly awaiting the 1972 Town and Country Art Show, according to Extension Advisers, Ray T. Nicholas and Helen Volk. The amateur Art Show, which is sponsored by the Lake County Cooperative Extension Service of the University of Illinois, will be held in the Extension Service Building and the Farm Bureau Building on the Lake County Fair Grounds, March 29 and 30. According to present indications, exhibits will be made in all classes including paintings in various media, photography, and crafts, including ceramics, wood carving, sculpturing, metal enameling, weaving, pottery, and others.

Entries will be made and judged in three different age or grade level groups: 18 years of age and older, under 18 and/or high school, and below high school. The blue ribbon winners in the

upper age level group are eligible to enter the regional show at DeKalb in June.

The judging of the county show will be by a competent judge from the University of Illinois at Urbana. Blue ribbon and honorable mention awards will be made in each of the three groups.

The distinctive feature of the Town and Country Art Show is the critiques conducted by the jurist. These critiques will be held at 2:00 p.m. and 7:30 p.m. on Wednesday, March 29. The public is invited to attend the show and critiques without charge on Wednesday, March 29, from 1:00 p.m. to 10:00 p.m. and Thursday, March 30, from 9:00 a.m. to 8:30 p.m.

Entry blanks and rules of the show may be obtained by writing: Ray T. Nicholas, P. O. Box 267, Grayslake, Ill. 60030 or Helen Volk, P. O. Box 306, Grayslake, Ill. 60030.

## 5,000,000th MADE-IN Chicago Ford Rolls Off Assembly Line

Ford Motor Company celebrated its 5,000,000 made-in-Chicago Ford on February 8.

Ceremonies involved a visit to the company's assembly plant at 12600 S. Torrence by 93 Chicago area Ford dealers and mayors of scores of area communities who have been invited to attend. Members of the Lyons & Ryan Ford Company, along with Joseph Rush, of the Antioch News were in attendance.

Lt. Governor Paul Simon and Mayor Richard Daley were on hand to see the 5,000,000th Ford roll off the final assembly line. In tribute to Ford Motor Company's contribution to the economy of the city since 1914, Mayor Daley has proclaimed February 8 "Ford Day" in Chicago.

Sharing the spotlight

with the milestone car was a 1914 Model T touring car, similar to ones made in March, 1914, when Ford began assembly operations in Chicago in a new plant at 3915 S. Wabash.

Replicas of the 5,000,000th Ford, a Galaxie two-door hardtop painted a special Gold Glow glamour color and bearing a commemorative emblem, will be on exhibit during the month at Chicago area Ford dealers.

As a further tribute, specially-designed commemorative coins, struck in bronze, will be given to showroom visitors during the sale period. The coins depict a Model T fronting the Water Tower on one side and the milestone car and Marina Towers on the other.

Thomas Brand, manager of Ford Motor Company's Chicago Assembly Plant, 12600 S. Torrence Ave., placed a commemorative medallion on the right rear roof pillar of the 5,000,000th Chicago-built Ford as it rolled off the plant's assembly line on February 8. He was assisted by Miss Ford Team, Jane Bizzell, who represents Chicago-area Ford dealers, R. B. Stevenson (l center), Ford Division's Chicago district sales manager, and retired plant employee Joseph Pavelin, 15328 Chicago Road, Dolton, Ill., who began working at the plant in 1917, a few years after the 1914 Model T he is driving rolled off the Chicago assembly line.

## Marilyn Sterbenz Attends Symposium

Village Clerk Marilyn Sterbenz was one of many local government officials to attend a one day symposium concerning land development, of February 4th.

The symposium entitled "Open Space and the Private Developer" was held at the University of Chicago's Downtown Center and dealt with many of the problems currently plaguing the country's rapidly growing areas.

The theme of the event emphasized the techniques by which open space could be retained by means of the development process rather than in spite of it.

The morning session included presentations by noted Chicago-area experts: Rutherford H. Platt on legal techniques; Diane Korling, on H.U.D. (Dept of Housing and Urban Development) administrator, on ecological functions of preserved open space; Harold Olin on the role of the mortgage banker; and Salvatore V. Ferrera on low cost housing

development and open space.

Robert Weidaw, Village Manager of Northbrook addresses a luncheon audience on his village's experience in dealing with rapid development. Mrs. Sterbenz noted that this lecture was especially enlightening and served to inform her and thus the Village on the experiences of other towns, their problems and solutions.

A lively afternoon session, noted for its many questions and participation in discussion featured a panel discussion on New Communities. Lewis Manilow of Park Forest South Developers Inc., William Fucik of the New Communities Office of H.U.D. and Lawrence Christmas of the Northeastern Illinois Planning Commission gave what Mrs. Sterbenz termed "a most informative presentation."

The presentation involved diagrams and sketches of proposed new developments and the secrets they may hold. The three

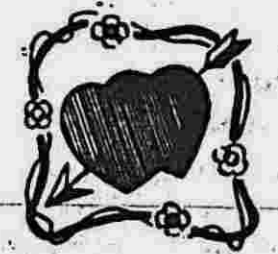

men exhibited blue-prints of several developments and posed the question to the audience of which to choose.

Mrs. Sterbenz was one of many who were totally unprepared for the outcome. "When they showed us how the developments would actually look, there was no question of which looked better," she said. "One was very nice with landscaping and good parking lots and the other looked like a prison."

The second feature of the day long meetings was a discussion of the role of the private landowner in affecting the nature of the development which occurs on his land. Herbert Nadelhoffer, a Du Page County property owner and Thomas Brown, a San Francisco landscape architect were "very convincing" in their discussion using the

Woodridge Center concept as an example.

Mrs. Sterbenz said she had learned a lot and felt the symposium while hectic, was very informative.

## Gallagher on ALL AMERICAN Team

Gerald VanderMeer, agency manager, announces that LeRoy Gallagher, Country Companies agent in Lake County, has qualified for the company's prestigious 1971 All American Team. He is among 142 agents and agency managers in Illinois to be so honored. All American qualification is achieved through outstanding life and health insurance sales for the year.

The Country Companies consist of Country Life, Country Mutual, Country Casualty and Mid-America Fire and Marine Insurance Companies, and Country Capital

Investment Fund, Inc., a mutual fund.

The high level of professional competence and complete interest in his clients' welfare is the distinctive feature of the All American. His consideration of an individual's insurance needs and his proficiency in providing proper levels of coverage distinguishes the All American from others.

Qualifying as an All American is both a matter of pride and prestige for each member of the Country Companies agency force. It has become a symbol of their standard of quality.

## Lake County Blind Association To Hold Valentine Party

With the men in charge of refreshments, the Lake County Blind Association will hold a Valentine party at 2 p.m. Sunday (Feb. 13) at the Chapel of the Cross Lutheran Church, 2031 Dugdale Road in North Chicago.

The men will come up with a frozen Valentine cake, said James Miller, treasurer. After distribution of valentines a bunco game will be played, with sighted persons assisting at each table. Mrs. Veronica Epping and Miss Mary Michaels will be chairmen.

Baked goods will be in the forefront at Grayslake, where the Blind Association will have a bake sale from 9 to 3 Saturday (Feb. 12) at the Grayslake National Bank. Mrs. Walter Moerke is chairman.

Third-graders of Immaculate Conception School in Waukegan heard an explanation of the Braille alphabet when Al Brean, vice president of the Lake County Blind Association, and Mrs. Dorothy Gonyo of Waukegan visited the school.

Mrs. Gonyo passed around Braille books and magazines, and gave each pupil a Braille bookmark. An item of special interest was her wristwatch, which has a Braille dial.

Brean explained the need and use of the white cane by the blind, and brought on his lead dog, Bruno, who performed guiding exercises. On exhibit were toy poodles made by the blind at their center, 307 Washington Street, Waukegan.

# 1972 Boy Scout Emphasis Announced

The Anniversary Celebration of the Northeast Illinois Council, Boy Scouts of America during the month of February 1972 marks the 62nd birthday of the Nation's largest youth organization.

The Boy Scouts of America was incorporated in Washington, D.C., on February 8, 1910, and for 60 years Boy Scout Week observed the special occasion.

In 1971, however, the monthlong celebration was initiated in order to describe more accurately the yearly observance and so that local packs and troops have an entire month to schedule meetings and other events.

BOYPOWER '76, program plan of the Northeast Illinois Council, BSA, continues for the fourth year in 1972 with the slogan, America's

## Manpower Begins with BOYPOWER.

The plan is a bold effort to deeply involve in Scouting a representative 35% of all area boys... to help the families and institutions of the area prepare a new generation with the skill and confidence to master the changing demands of America's future... to make Scouting more relevant to the needs and concerns of today's youth... to bring the advantages of the unique character development and educational programs to disadvantaged boys of inner-city and low-opportunity rural America... and to establish

quantity and quality goals for BSA units.

A special emphasis during the Anniversary Celebration of the Boy Scouts of America is "to deeply involve" boys in their school, church, and community.

The second year of Project SOAR (Save Our American Resources) will be launched during the anniversary celebration. This year-round Conservation Good Turn will build on the 1971 project which involved boys and leaders in cooperation with community, state, Federal, and civic organizations and agencies.

Nationwide use of Operation Reach, the action

plan related to drug abuse, is scheduled for early 1972. Pilot projects in 1971 gave ample proof that the BSA can make a contribution to the drug abuse problem because of the tremendous resources of people and program which, if properly applied, can contribute materially toward its ultimate solution.

The council has an additional 1,300 adults serving in leadership positions in the council and its eight districts.

The total membership on January 1, 1972, was 6,575 boys and young men and women and 6,583 adults for a total of 23,158 members.

## RESCUE SQUAD DONORS

## C L C Trustee Election in April

Petitions are to be filed, with the required statement of candidacy, with Mrs. Betty Mattix, designated representative by the Secretary of the Board of Trustees, at the college offices, 19351 West Washington Street, Grayslake, Illinois. The first day for filing nominating petitions is February 23 and the last day is March 17, 1972, between the hours of 8:30 a.m. and 4:00 p.m. The names of the candidates will be printed on the official ballot in numerical order in which the nominating petitions are filed at the college offices.

Additional information and nominating petitions may be obtained at the college offices during the stated hours.

The Board of Trustees of the College of Lake County, announced that the annual election for trustees has been scheduled for Saturday, April 8, 1972. Two members are to be elected to a full three-year term each. The two terms which will expire are those of Mrs. Thelma Sandee of Waukegan and Mr. Walter Kroll of Wadsworth.

A nominating petition for each candidate seeking membership on the Board of

Trustees must be filed at the college offices before his/her name may be placed on the ballot. Nominating petitions must be signed by 50 registered voters who reside within the college district.

## GIVE... HEART FUND

### HEART ASSOCIATION BEGINS CAMPAIGN

The battle is on again to "Beat the Big One", Lake County and the nation's number one killer - heart attack.

February has been proclaimed by Congress and the American Heart Association as Heart Month, and the push is on to raise \$80,900 in the county.

Heading the drive in West Lake County is Lee Miller, superintendent of Grant Township High School, with assistance from Don Morris in Antioch Township and Walter LaBac in Wauconda Township.

"We need all the help we can get for the drive," Miller said, "And I think for the first time residents of Lake County can realize the importance of the Heart Association."

He was referring to the

massive physical screening held by the Heart Association of Lake County in March, 1971 when more than 11,000 persons were checked in a four-hour period for possible coronary risk factors.

Three thousand of that number were referred to doctors for conditions possibly conducive to heart attack.

The goal for Miller's region, which includes Antioch, Fox Lake, Grayslake, Ingleside, Lake Villa Township, Lindenhurst and Wauconda Township, is \$8,350.

A total of 345 persons died in 1970 in Miller's region from heart disease, representing 53.2 per cent of all the deaths in that region.

## LEGAL NOTICES

### LEGAL NOTICE

Notice is hereby given that nominating petitions for candidate for election of members to the board of education of the Antioch C.C. School District, District No. 34, shall be filed with the Board's Secretary at the Antioch School District Business Office located at 800 Highview Drive, Antioch, Ill. 60002.

Filing hours: 8:30 a.m. to 4:00 p.m. on Monday through Friday.

The first date for filing petitions is February 23, 1972 and the last date for filing petitions is March 17, 1972. Election will be held April 8, 1972.

Two members are to be elected for full three year terms.

Nominating petition and statement of candidacy shall state whether candidate is seeking full term or a specified unexpired term giving length of unexpired term.

February 9, 1972.

## Obituaries

MR RONALD BREY - 33 years old of 217 North Rt. 59 at Ingleside, Ill. passed away on Saturday February 5th at 4:00 p.m. from injuries received in an automobile accident on Highway 59 about 6/10 mile south of Hwy 173, in a one car accident.

He was born March 4, 1938 in Chicago, and moved to Three Oaks, Michigan in 1942, to Chicago in 1960, and to Ingleside 3 years ago. He was an assistant foreman at the Baxter-Traenol factory at Round Lake for the past year. He married Arlene Bant on November 2, 1961 in Chicago.

He is survived by his wife Arlene and 3 sons; Dennis, William, and Keith Brey (all at home). Also surviving are 3 brothers; Chester Brey (St. Joseph, Mich.), Raymond and Richard Brey (both of Sawyer, Mich.) and 1 sister.

Funeral services were held at 11:00 a.m. Tuesday at the Strang Funeral Home in Antioch, with interment in St. Bede's Cemetery.

MR MICHAEL COSTOFF - 81 years old of Beach Grove Road, Antioch, Illinois passed away on Saturday, February 5th at Presbyterian St. Lukes Hospital in Chicago. He was born on January 19th, 1891 in Bulgaria and came to the United States in 1909 to reside in Chicago until moving to Antioch 12 years ago.

Mr. Costoff was a tailor by occupation, and later operated "Brite Cleaners" at 1307-13 South 5th Avenue in Maywood, Illinois for 25 years. He married Anna Theodorka on October 15, 1922 in Chicago.

Survivors are his wife Anna and 3 sons; Gustave and Theodore Costoff of Antioch and Robert Costoff of Richmond, Ill. Also surviving are 2 daughters; Mrs. Carol (Frank) Flammini (Burlington, Wis.) and Mrs. Ann Marie (James) Drago (Whitefish Bay, Wis.). 10 grandchildren survive.

Funeral services were held at 10:00 a.m. Monday at the Strang Funeral Home in Antioch, with interment in Hillside Cemetery at Antioch.

## Glenn Evans Elected to Christian Science Publishing Society

Glenn A. Evans of Wilmette, Illinois, has been elected to the Board of Trustees of the Christian Science Publishing Society in Boston, Massachusetts.

The Board of Trustees announced that with the approval of the Christian Science Board of Directors they have elected Mr. Evans as a Trustee of the Publishing Society effective April 1, 1972.

Mr. Evans will succeed Howard Palfrey Jones, who at his request is retiring to his home in Atherton, Calif., to devote his full time to writing. He will be based at The Hoover Institution on War, Revolution and Peace at Stanford University where he has been reappointed as a senior research fellow.

Mr. Evans was educated at Miami University and Wittenberg University in Ohio, University of Indiana and Johns Hopkins University in the fields of industrial engineering and industrial management.

During his business career he served as Chairman of the American Home Laundry Manufacturers Association, and as a Director of the Electronic Industries Association. In 1951 he was appointed a

member of the United States Air Force Evaluation Team for offshore procurement in NATO countries.

Long interested in Christian Science, Mr. Evans has been active in branch church work in Baltimore, Maryland; Marion, Ohio; Benton Harbor, Michigan; and Winnetka, Illinois. He has served as First Reader, Chairman of the Board, Superintendent of the Sunday School and in other capacities. He has been a member of The Mother Church since 1935.

Mr. Evans' record of active participation in civic affairs and community activities includes serving on the executive boards of such organizations as

Community Chest, Chamber of Commerce, Goodwill Industries, Rotary International, Michigan Children's Aid Society and Parent-Teachers Association. He was awarded the Silver Beaver by the Boy Scouts, and served as President of the Southwestern Michigan Boy Scout Council.

Mr. and Mrs. Evans reside in Wilmette, Illinois. Their two children, Gwendolyn and Richard, are married and live in St. Louis.

9:30 a.m. - WAIT  
8:30 a.m. - WJJD-FM

THE  
**TRUTH**  
THAT HEALS

What is the nature of the joy that lasts?

An answer to this question will be brought out at Churches of Christ, Scientist, Sunday in a Bible Lesson-Sermon entitled "Soul."

"Thou wilt show me the path of life: in thy presence is fulness of joy; at thy right hand there are pleasures for evermore," a passage from Psalms states.

Commentary from Science and Health with Key to the Scriptures by Mary Baker Eddy concludes with this statement: "Truth will at length conquer us all to exchange the pleasures and pains of sense for the joys of Soul."

Everyone is invited to attend services at First Church of Christ Scientist, Beacon Hill, Rte 173 and Harden, Antioch Illinois. They begin at 11 a.m.

Phone 312-395-2303

North Shore Gas Company's home economists each year answer hundreds of homemakers' questions—by phone and by mail. The economists are able to solve practically any cooking or general household problem because they have on hand an extensive file of their own tested recipes, as well as a library of international cookbooks and homemaker reference books, some of which are shown here.

**WAUKEGAN**--Planning a formal dinner party and don't know where to begin? Want to know how to remove a grape juice stain from a favorite dress? Has someone given you a bushel of peaches and now you need to know how to can them?

Solutions to these and most other cooking or laundry problems are as near as your telephone—just call North Shore Gas Company and ask for the Martha Holmes Consumer Service.

The Company's skilled staff of home economists are specialists in assisting homemakers, and they've been doing it for years. Their training and practical experience makes them well qualified to cope with a variety of household dilemmas.

Most questions can be answered quickly over the phone, because the economists have on hand

hundreds of recipes, cooking and laundering tips, and other information cataloged for easy reference. In addition, they maintain an extensive library of international cookbooks and homemaker reference books.

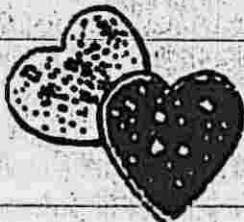

Information which is difficult to communicate by telephone, such as charts, long recipes, or time-and-temperature guides, is mailed promptly to the caller's home.

Every year, hundreds of phone calls are handled by the North Shore "consumer bureau." And in order to let its customers who may not have been aware of the service know about it, the gas company now is enclosing a bulletin along with gas bills being mailed during January and February. The bulletin, which describes the service, is one of a series of consumer information pieces

## Parent Teacher Conferences Evaluated

Parent-teacher conferences were held in District No. 34 during the past week, January 24-28. Following each conference, each parent was given a response sheet to complete and was asked not to put their name on the response.

Approximately 500 parents completed the response. The returned percentages for each response are given on the response sheet enclosed.

1. 93.3-Yes Do you think the conference was worthwhile?  
7-No
2. In the future, what would you suggest as far as parent-teacher conferences is concerned: (a) 1.8 have no parent-teacher conferences, (b) 17.5 have one conference per year, or (c) 80.7 have two conferences per year?
3. 78.1-Yes Did you tell the teacher something which you felt was important for the teacher to know?  
21.9-No
4. 96.6-Yes Did the conference give you something which 3.4-No could not have been gained through a report card?
5. 97.5-Yes Did the conference give you an idea of what 2.5-No your child is working on in school and the progress that he is making?
6. 76.2-Yes Do you feel that your child is being challenged 23.8-No in school?
7. 6.2-Yes Do you feel that your child is being asked to do 93.8-No school work which he cannot do successfully, even though he tries?
8. Would you consider your child to be: (a) 19.2 a slow student in his school work, (b) 55.8 about average in school work, or (c) 25 very good in school work?
9. 93.3-Yes Are you satisfied with the effort the school is 6.7-No making in educating your child?

which customers receive with their monthly bills.

Persons wishing to utilize the service are advised to check their local phone directory for the number for North Shore Gas.

Martha Holmes Consumer Service is available from 8:30 a.m. to 5 p.m., Monday through Friday.

## CATHOLIC CHARITIES 3rd ANNUAL POSTER CONTEST

The Catholic Charities of the Archdiocese of Chicago has announced that its Third Annual Poster Contest for all students attending Archdiocesan high schools and elementary schools will take place this year from Monday, February 7, through Friday, February 25, 1972.

In a recent letter to all school principals, Reverend Monsignor Thomas J. Holbrook, administrator of Catholic Charities, stated that, "The primary objectives of the poster contest are to provide an opportunity for the students to exercise their artistic talents and imagination in competition with others while, at the same time, to offer teachers

an opportunity to develop in their pupils a responsible awareness of the many present-day social problems."

Each school is encouraged to run its own preliminary contest and then send the best entries to Catholic Charities by 4:30 p.m. on Friday, March 3, 1972.

In Catholic Charities' final contest, each high school (Category A) may enter one poster and each elementary school may enter two posters - one poster from grades 5 to 8 inclusive (Category B) and one poster from grades 1 to 4 inclusive (Category C). The judges, professional people in the field of art, will select one first place poster and one second place poster from

each of the categories.

The first place winner from each category will receive a \$100.00 U.S. Savings Bond, and the second place winner from each category will receive a \$50.00 U.S. Savings Bond.

The winning posters will be displayed from April 15 to May 15, 1972 at the Chicago Public Library's main building at Washington and Michigan avenues in the Thomas Hughes Room for Children on the second floor.

Complete details and copies of the rules for the poster contest have been mailed to each Archdiocesan school principal.

## NIDOC PLANS STRATEGY

Lt. Governor Paul Simon and Democratic Candidate for Lt. Governor, Neil Hartigan met with 25 Northern Illinois Democrats for breakfast at the St. Nicholas Hotel at Springfield on January 29 following the annual Franklin Delano Roosevelt dinner.

The group which calls itself NIDOC (Northern Illinois Democratic Organizing Committee) is composed of Democratic State Central Committeeman, Democratic County Chairmen, and Democratic legislators and elected county-wide officials from Northern Illinois. The group desires to present a united front on matters affecting Northern Illinois outside of Cook County and to have a greater voice in party affairs.

Representative William Redmond from DuPage County pointed out the need for election reform for the rural and suburban areas of Northern Illinois and the particular need for consolidation of elections,

criticizing those Democratic legislators who did not see the importance of such election reform and permitted the Republicans to get their way on this issue, thus costing the taxpayers six million dollars. Many members of the group felt that there should be a state statute limiting all elections to two specific dates in any given year.

Neil Hartigan was particularly impressed with this problem and addressed himself to it stating that he felt that with a group like NIDOC, which could focus the public opinion, the area would indeed receive considerable attention and consideration from Democratic legislators from Chicago and elsewhere and that he felt certain in the future there would be a better working relationship and understanding of the problems of the area.

Francis X. Mahoney, Chairman of the group, appointed Representative Redmond, Paul Gill, County

Clerk of Winnebago County, and Fred Steffen, Democratic County Chairman of Kane County, as a committee to study the problem of the conduct of elections of all types and to report back to the group in the future as to what reforms or changes would be desirable.

It was also decided that it would be highly desirable for the group to establish liaison between the committee and the Democratic candidates for state-wide office and the Democratic State Central Committee. State Central Committeeman, Frank O'Rourke, was appointed chairman of the liaison committee with Glen Guthrie, Democratic County Chairman of Boone County, and Paul Gill serving as the other members of that committee.

Mahoney stated that in naming the committees he considered not only interests and knowledge of the particular subject matter involved but felt it was desirable that the members of any committee be geographically accessible to one another.

The group plans to have its next meeting in the Ottawa area the latter part of February.

## ECONOMIC CENSUS UNDERWAY

A number of households in this area will be interviewed during the week of February 14, for a survey of employment and unemployment conducted by the Bureau of the Census, Curtis T. Hill, Director of the Bureau's Data Collection Center in Chicago, announced today.

This is a monthly survey conducted nationwide by the Bureau for the U. S. Department of Labor. A sample of households is scientifically selected to represent a cross section of all households in the United States.

The employment and unemployment statistics which are based on results of this survey are prime indicators of the economic health of the Nation. The December survey showed that 80.2 million persons were employed and 4.7 million unemployed. After allowance for usual seasonal patterns, both were virtually

unchanged over November.

Information supplied by households participating in the survey is confidential by law and is used only to compile statistical totals.

## SLAVIN PROPOSES ADOPTION LAW AMENDMENTS

Stephen M. Slavin, candidate for the Illinois Senate from the 32nd District, today proposed several far-reaching amendments to the Illinois Adoption Law.

The Deerfield democrat announced that his proposals were prompted by public reaction to the recent headlines in the Huebert case in which the Illinois Courts have attempted to remove a two year old child from the custody of her adoptive parents and to compel them to return the little girl to her natural mother.

"It is easy, and perhaps

natural, to castigate the courts for a decision like this one," Slavin stated. The public's sympathies are

probably 99-to-1 in favor of the adopting parents - and perhaps rightly so. The effect upon them and the child has been devastating. But the problem goes much deeper than mere sympathy and should be dealt with comprehensively by the legislature."

Slavin proposed that the legislature enact the Uniform Adoption Act promulgated by the National Conference of Commissioners on Uniform State Laws. "This," Slavin declared, "would end many of the transactions in the black market for babies. By requiring that the natural parent or parents appear before a judge in order that a consent be valid and binding, we could accomplish several things. First, it would insure that the natural parent was fully advised of the legal implications of her act and that the consent was in fact voluntary. Shady operators in the black market knowingly play on the natural mother's strained emotional condition and have on too many occasions secured the consent on the basis of inadequate legal advice and psychological and legal counsel was available to the natural parent, and the decree of adoption could then truly be considered final with no necessity for the language in the present statute creating exceptions for vague and indefinite cases of fraud."

Slavin concluded that it is essential for the security of the adoption process and the psychological welfare of the child that tragedies like the Huebert case not be permitted to recur.

## Travel Questionnaires to Households This Week

The first phase of the 1972 Census of Transportation, the National Travel Survey, gets underway this week with the mailing of the first of 24,000 questionnaires to households in selected areas throughout the United States by the Census Bureau, an agency of the U.S. Department of Commerce's Social and Economic Statistics Administration (SESA).

The Census of Transportation is one of a number of censuses, called the Economic Censuses, now taken in the years ending in "2" and "7", which measure the Nation's business and industrial activities. Other activities covered are business (retail, wholesale and service), industry (manufacturing and mining), construction and commercial fishing. The first Travel Survey was taken in 1963 as part of the first Census of Transportation and a second was taken in 1967.

The questionnaires will go out in three mailings. The first third will go out this week, the second third in early March and the remainder in early April. The groups of families in the survey will be questioned at 3-month intervals throughout the year about their travels both at home and abroad.

The Census of Transportation is concerned primarily with the movement of people and goods. The National Travel Survey portion of the census asks questions on the number

and kinds of trips 100 miles or more away from home that were made by household members. Some of these questions cover the mode of transportation, purpose of the trips, overnight accommodations, nights away from home and period of travel.

Information collected in the census will be published as seasonal travel data and as a profile of travel for 1972. First results of the Travel Survey will be published in December.

Data collected in the National Travel Survey have wide applications for both private industry and government. A large number of Americans are employed in the transportation and allied industries. The amount of travel, the accommodations used by the travelers, and other related factors affect these workers and in turn the entire economy. The information obtained will be used by government and private agencies in planning the improvement of highways, airports, railway stations, and other transportation facilities, as well as restaurants, hotels, motels, recreation areas and the like.

Cooperation in the census is required by law. The law also protects those required to fill out questionnaires by prohibiting the Census Bureau from disclosing any information about a household or household member. The data obtained may be used only to compile statistical totals.

## DEUSTER TO GREET VOTERS IN LIBERTYVILLE AND WAUCONDA

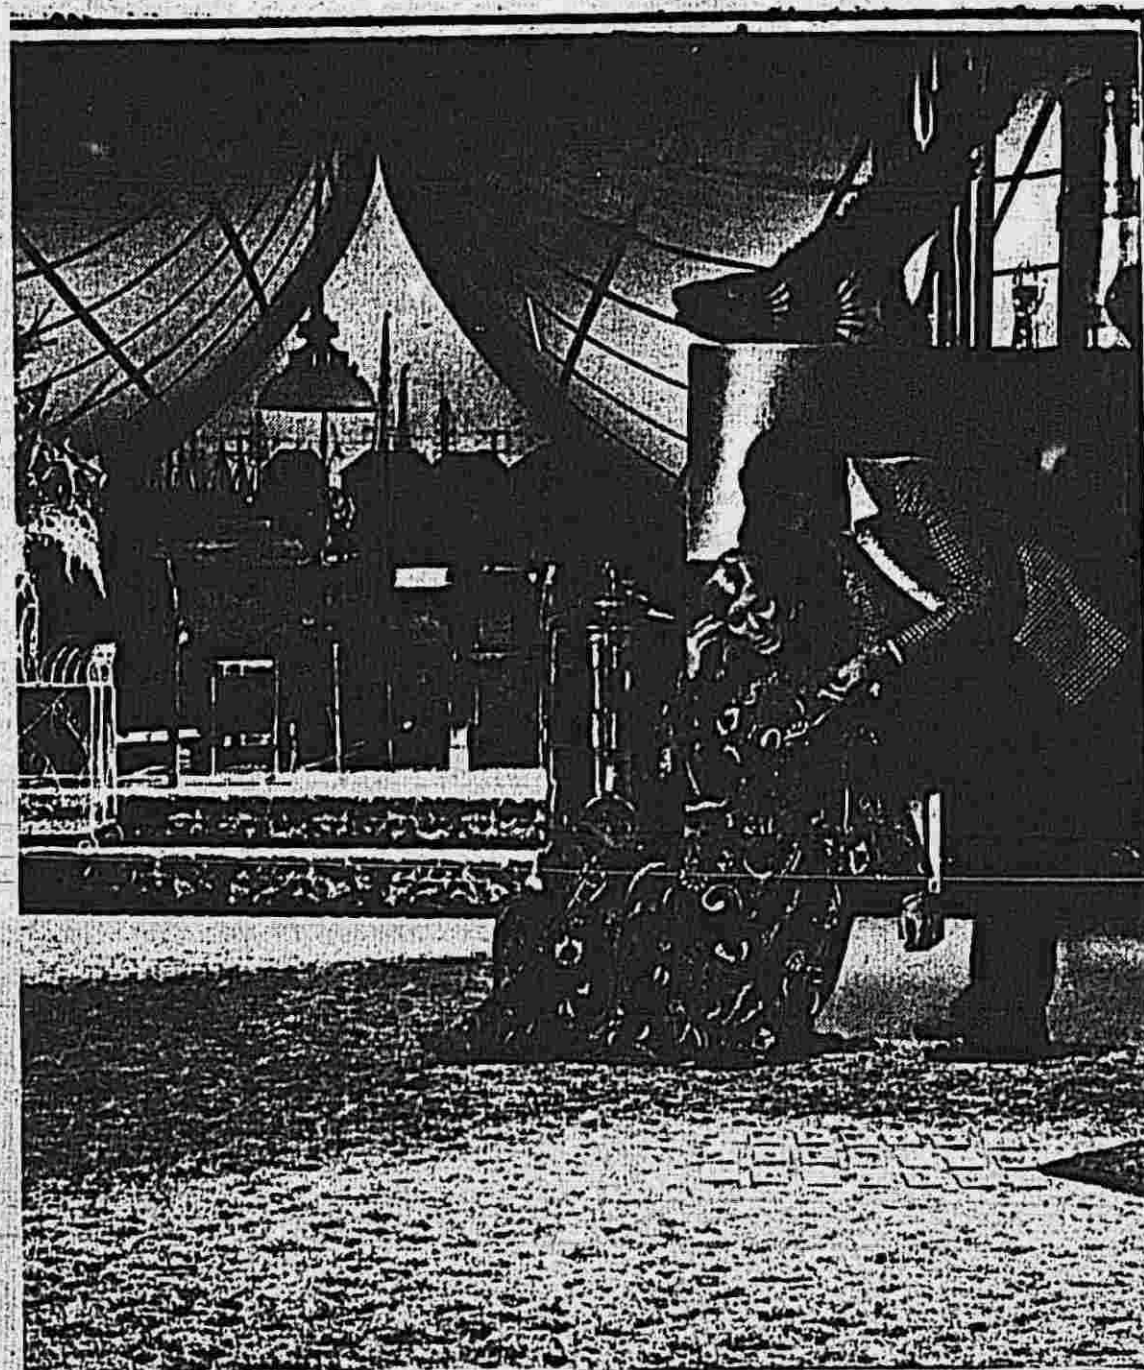

"The Spirit and Strength of America" will be the topic of Donald E. Deuster at the Americanism Dinner of the American Legion on February 19. The event will be held at the Lakes Region Post No. 703 on North Route 12 in Fox Lake.

A lawyer and a U.S. Army Infantry veteran of the Korean War, Deuster will relate his experiences on Capitol Hill in Washington, where for seven years he was administrative assistant to Rep. Robert McClory and for two years a legislative strategist for President Nixon at the Department of Transportation under Secretary John A. Volpe.

Deuster served as president of the Capitol Hill Prayer Breakfast Group and

has been active as a lay leader in the Presbyterian Church in Libertyville. He will develop the thesis at the Americanism dinner that "education and religion still will mend most of our social ills, including welfare and drugs."

Deuster is a Republican for Illinois State Representative in the new 32nd Illinois Legislative District. He and his family live at Sylvan Lake near Mundelein.

## VALENTINE'S DAY

### LAKE COUNTY HAMMOND ORGAN SOCIETY MEETS

The Lake County Hammond Organ Society will meet on Tuesday, February 15, at the Gurnee American Legion, 7:30 p.m.

An excellent program is planned for this meeting and a full membership is expected. Two of the members will perform on the organ and piano, with some varied musical arrangements. The artists are Mr. Ron Lemke and Miss Tina Schumann.

Ron Lemke is a very accomplished artist at the pipe organ. He is the regular organist at the Redeemer Lutheran Church in Waukegan, and he is the organist at the Victory Memorial Hospital Chapel. In addition to his keyboard talents he directs the choirs at the church and at the hospital. Lemke has also played popular music as an

entertainer at some of the local restaurants.

Miss Schumann, too, is a church organist and regularly plays for the Services at the Good Shepherd Lutheran Church in Lake Villa. She also passes on some of her talent to a group of students in the line of popular music.

Each of the artists could put on a good program singly, so the combination of the two should make it worthwhile for all members and friends to come out and attend the meeting. Miss Schumann has, in the past, sat in on sessions with Mr. Lemke when he entertained in restaurants, so they have a background of playing as a duo.

Also at the February 15 meeting, a slate of new officers will be presented and the election will be held at the March 21 meeting.

Refreshments will be served during the social hour at which time the organ is occupied by many who volunteer to entertain.

## NEWS DEADLINE

### Monday Afternoon

Unless by special permission or by special request. OR last minute happenings.

### V. A. Expenditures

Q—May a veteran pay off a G.I. loan before date final payment is due?

A—Yes, A VA-guaranteed loan may be partially or fully paid at any time ahead of schedule. However, part payments may not be less than one monthly payment or \$100, whichever is less.

Q—About two years ago, I received VA outpatient treatment for an injury sustained in service and verified by VA. Can I receive treatment again from VA?

A—Yes, if you have established this service-connection with VA. Suggest you apply for treatment again.

Q—I have been drawing widow's pension of \$81 since January 1971, and I earned \$900 the rest of the year. Should I report this to VA, and what effect will this have on my pension?

A—Anytime a person who draws nonservice-connected death pension has a change in income during the year, it must be reported to the VA office having his records. That office will decide if pension adjustments are necessary. If there is income that could not have been anticipated, payments are usually adjusted at end of year in which income changed.

## Link Heart Attack 'Epidemic' To American Style of Living

(This is the first of a series of three articles presented during Heart Fund Month by your Heart Association to inform readers of this newspaper about the latest advances in combating heart attack.)

If a contagious epidemic ran rampant throughout the United States striking down more than 600,000 persons, a state of disaster would be declared and the halls of Congress would echo with demands for preventive measures, while across the country men, women and children would line up in emergency immunization centers.

An epidemic is taking place in the United States. Heart attack is killing more than 670,000 men and women annually.

Why don't Americans react to heart attack as they would to any other mass killer disease?

Some of the reasons may lie in the fact that heart attack, which is the nation's leading cause of death, is not contagious, although there may be a family history of this form of cardiovascular disease. And, public apathy can also be explained by the mistaken feeling that heart attack is inevitable and nothing can be done about it.

Unlike other epidemics, there is no mass immunization against heart attack. But there are things every man and woman can do to help protect themselves and their families from this ruthless health menace.

In extensive studies of the personal and medical histories of heart attack victims, certain habits, or risk factors, are revealed which show that millions of Americans, especially those in the prime of life, are endangering their hearts by the way they live.

The common conditions and habits that medical scientists have discovered are high cholesterol levels in the blood, high blood pressure, cigarette smoking, obesity, and lack of exercise. It appears that any one of these risk factors in-

creases the chances of a heart attack, and that a combination of two or more multiplies this risk.

Many of these conditions start early in life. By the time a great many Americans reach their thirties or forties, they are already potential heart attack victims.

A person can harbor several of these risk factors without realizing he is a candidate for heart attack. As a precaution, and to increase his chances of living a longer and healthier life, the American Heart Association recommends that all individuals take the following steps to protect their hearts:

- See your doctor regularly for a physical check-up. This will enable him to find out if you are one of the millions of Americans who suffers from high blood pressure or high blood cholesterol without realizing it.

- Eat less saturated (animal) fats and cut down on foods with high cholesterol content.

- Don't smoke cigarettes. Studies have revealed that men who are heavy smokers have twice the risk as non-smokers of having a heart attack.

- Maintain normal weight for your height and age.

- Adopt a program of regular, moderate exercise compatible with your age and physical condition.

These are simple health rules that any family can follow without a radical change in its life-style. The immediate benefits would be the reduction of risks which may eventually result in heart attack.

What happens when these risks go uncorrected will be discussed in the second article in this series.

## IRS Urges Taxpayers To Use Blue Name Label

Chicago, Illinois—Many taxpayers are failing to properly identify their Federal Tax Returns, Roger C. Beck, District Director of Internal Revenue for Northern Illinois, said today. The IRS Service Center for Illinois reports that a large percentage of taxpayers have neglected to either use the blue label that came with their tax package or to write their names and addresses on the form 1040 they filed.

Omission of the label makes identification of the

tax return difficult, slows its processing, and delays the issuance of any refund that may be due the taxpayer.

Mr. Beck urged taxpayers to follow the instructions on their tax package to "Peel off the blue label...and place it in the address area of the form 1040 you file." He also reminded taxpayers to give their peel-off label to the tax practitioner or the tax preparer who assists them in making out their Form 1040.

## HEART ATTACK?

### KNOW THE SYMPTOMS

- Prolonged, heavy pressure or squeezing pain in the center of the chest, behind the breastbone.
- Pain may spread to the shoulder, arm, neck or jaw.
- Pain or discomfort is often accompanied by sweating, nausea, vomiting and shortness of breath may also occur.

### WHAT TO DO

- Call your doctor and describe your symptoms at once.
- If your doctor is not available, get to a hospital emergency room immediately.

THIS NEWSPAPER joins your Heart Association in presenting this life-saving educational message and in asking your support of the February Heart Fund Campaign.

Herb Artelt is readying his car for the Speedway opening on April 8

## Waukegan Speed way Opens April 8th

Late model and hobby stock car racing will again be the weekend diet at the Waukegan Speedway in 1972. The racing season will start on Saturday night April 8 and Sunday afternoon April 9. The Sunday races will switch to evenings on May 7th.

The April Saturday night and Sunday afternoon schedule was first tried last season, since Waukegan is the first Chicago area track to open, this slate of two complete race programs within 22 hours is quite attractive to distant entries. Last season several cars came from distances of over 100 miles to race, staying the night in Waukegan; in fact two cars pulled all the way in from Iowa.

"From the standpoint of total purses paid, 1971 was the best season ever at Waukegan," concludes promoter Gordon Sill of the Waukegan Speedway. "With the general economic upturn,

we expect 1972 to be even better."

The 1972 rules governing the racing at the Waukegan Speedway are now available by writing to the Speedway at 3305 Washington Street in Waukegan, Illinois 60085.

The most significant rule change concerns the late model wheel and rim size. In 1972, starting with the very first race of the year, the maximum rim size will be 10 inches. (Rim size was limited to 12 inches in 1970 and 1971.) The tire size will again be optional, but a tread width of 11½

inches or less is recommended. This rule was adopted to conform with similar rules at neighboring tracks.

Only 1963 and newer body styles will be eligible for this year's competition and already a 1972 model has filed an entry for the first races. Sill wishes to remind drivers and car owners that their 1971 numbers will only be reserved until March 1st. Registration is currently being handled by mail.

## Winter Carnival Plans Finalized

Plans are being finalized an excitement is mounting for the Winter Carnival which will be held on Feb. 20, on Geneva Lake in Lake Geneva, Wisconsin.

The Winter Carnival is being sponsored by the Lake Geneva Lions Club, and will begin at 10:00 a.m. and continue throughout the day. Activities will center around Library Park and Geneva Bay. Hot dogs, bratwurst, hot chocolate and coffee will be available all day at a concessions tent in the park. Playboy Bunnies will be on hand to add to the colorful festivities. Carnival games will be set up, and an array of prizes will be awarded at the carnival. Chances to win the grand prize of an all-expense paid seven day trip for two to Hawaii may be purchased from any Lions Club Member, at the Chamber of Commerce Office or on the grounds. Other prizes include a color television set, snowmobile suits, AM/FM radios, tape deck players, an electric watch and a case of "booze."

Plans for the various events to be held on the ice include: Snowmobile racing, ice skating, ice fishing, motorcycle races and many other fun filled events.

Display and booth space is available in the park at a cost of \$20.00 for a 20 x 20 foot area. Contact the Lions Club Winter Carnival Committee, Geneva Lake Area Chamber of

Commerce, 100 Lake Street, Lake Geneva, Wisconsin 53147, if interested.

## Federal Grant Saves Volo Bog

Congressman Robert McClory today announced approval of a grant of \$395,000 for acquisition of the Volo Bog property located in Volo, Lake County, Illinois. This unique natural preserve, covering approximately 409 acres, contains rare species of flora and fauna, and has been described by conservationists as one of the great natural treasures of the nation.

The Federal grant is made possible by the funds appropriated to the Department of Interior Bureau of Outdoor Recreation in response to an application filed by the Illinois Department of Conservation, headed by Henry Barkhausen of Lake Forest.

The unique site, described as a "tamarack bog", has been the subject of widespread controversy between conservationists and property developers.

According to congressman McClory, the Federal grant now assures preservation of the Volo Bog for this and future generations to study and enjoy in a natural state of preservation.

### You clean and clean and clean again. Where does the dirt come from?

The window is locked. It seems good and tight. But there's dirt on your sills. And every day, it keeps coming back.

The flame in your heating system is the culprit. In order to burn, it needs air—more air than your house can hold.

So it pulls in outside air from under doors and around windows. (Even though they look airtight, they're not.) And along with that air comes outside dirt.

You wouldn't have that problem with electric heat. It's flameless and needs no air. So your whole home stays cleaner.

If you're thinking about converting or replacing your present

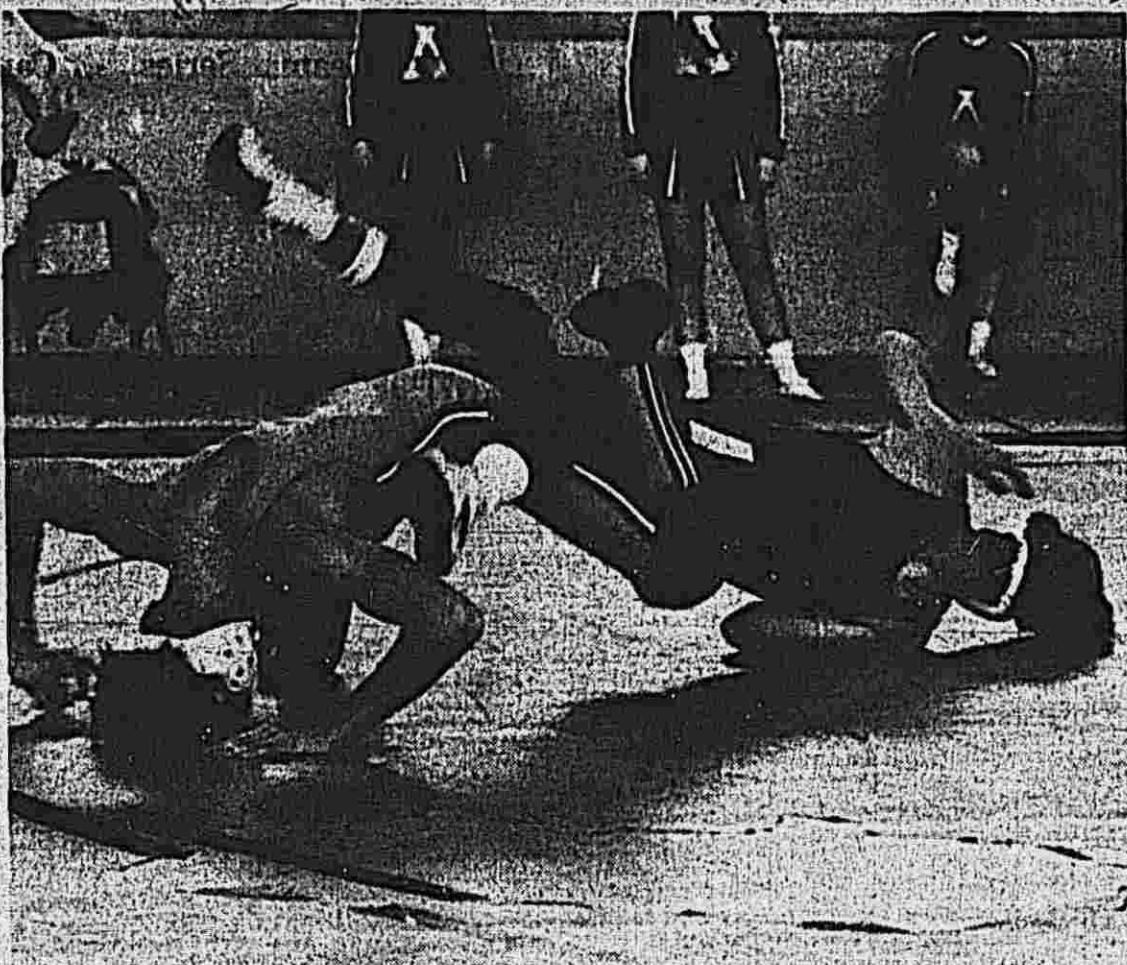

heating system, look into flameless electric heat. After all, you spend two-thirds of your life at home. Don't you want that environment clean too?

Leave No Time For Crime—Light the Night

Varsity wrestler John Roberts (dark jersey) and tournament opponent go spinning as Roberts escapes hold. (staff photo)

## VARSITY WRESTLERS COP CROWN

Following the lead of their sophomore counterparts, Antioch's varsity wrestlers demolished all opposition and placed 11 men on their way to a surprisingly easy capture of the Conference Title.

Their 120 1/2 point total easily outdistanced the nearest competitors by 40 points and came within half a point of matching a record set by the 1968 grapplers.

Of the eleven Antioch matmen who placed in the tournament, John Roberts was the big winner as he took first place in the 98 pound weight division. Roberts pinned his first two opponents before winning the title match against Jeff Schelinski of Warren 9-7. His win avenged an earlier loss to Schelinski.

Cliff Bode was upset by John Sandford of Warren

but was good enough to cop second place in the 105 weight slot.

In what Coach Ted De Rousse termed the "best match of the finals," Antioch's Keith Larson fell to Pat O'Donnell of Grant by a close 10-6 score. Larson had little trouble in his first two skirmishes, but finally settled for a second in the 112 class.

Dennis Dyer who was unseeded going into the tourney also had a good weekend, beating his first two 119 pound rivals before being the victim of a close 4-2 decision. Dyer earned praise from DeRousse as the "best improved" varsity grappler.

In the 126 Class, John Meyer a sophomore product, also was unseeded going into the championship, but was beaten by Roger Rohweder of Grayslake and settled for a well-earned and surprising

## wrestling

third place finish.

John Thain was ranked fourth in the first round and surprised many of the spectators as he won three of his four matches—good for a third place birth. Thain, a J. V. wrestler, was pressed into service due to the injury of team Captain, Bill Severson. Thain, at 132, was the sixth consecutive Sequoit to place in the tourney.

The 138 pound class was the scene of another Sequoit "place" as Steve Shaffer took second behind Champion, Mike Volpe of Lake Forest. Shaffer won his first two matches handily by 20-2 and 10-5 scores, before losing in a close match to Volpe.

Andy Feldman lived up to his number two ranking at 145 as he finished right there. Feldman, who was a great help all during the regular season, had another of his great outings but couldn't get past Neil Cronin of Lake Forest for the Crown. Cronin has been pegged by many as a real super wrestler and Andy's loss should be a little easier to swallow knowing this.

Randy Lipman improved on his fourth place ranking by placing third in the Conference. Lipman won his first match easily 11-3 before falling to the eventual Champion, Jim Schwankl of Grayslake in a close 11-7 decision. Lipman swept the

John Roberts appears to have things well in hand on his way to the championship of 98 lb. division of conference tourney. (staff photo)

consolation bracket and earned a third place by what DeRousse called, "his best match of the year," a 4-0 triumph of Wauconda's second seeded Ken Anderson.

Wrestling at 167, Gary Stout had his troubles, but still managed to nearly grab a fourth place finish. He was but two points shy and settled for a fifth place.

Unseeded, Tim Staples lost his first match, but pulled off a gutsy performance in the consolation bracket to ear a third place finish. Staples did a "good job" according to DeRousse and more than held his own against more highly touted opponents.

Because of a training violation, Russ Damske, was

moved in from the J. V. squad to tackle the heavyweight class. Even

though he was unseeded and not regarded a threat, Damske blitzed the consolation round, following an early loss, and earned a third place finish.

The varsity grapplers have now set their sights for the districts, to be held Friday evening, February 11th, at 7:00 p.m. and Saturday afternoon, beginning at 1:00 p.m.

While the team will be shooting for squad points the real struggle will be for individuals. Only the top two wrestlers from each class in this meet will be allowed to advance to the Sectionals.

## Soph Grapplers Take Conference Crown

Antioch's sophomore wrestlers performed as true champions Saturday, as they turned back all opposition to capture the leagues Conference Championship for a second straight year.

In the process, the grapplers made the Antioch record book by placing in all twelve weight classes, a feat roughly comparable to having an entire offensive or defensive unit make "all pro" in football.

Antioch jumped to an overwhelming lead in the first round and was unbeatable from there on. The sophomores scored 19 of a possible 24 points and coasted to the winners circle with 7 members in the finals.

Coach Bruce Bartoz had nothing but "high praise" for his young men and referred to the "total team effort."

Bartoz had felt that Warren High School would be a big stumbling block in the way of a Conference Crown, but the wrestling sophomores had little trouble in dealing with the Blue Devils, beating them four

times in the first round to knock them out of contention.

Bartoz received "outstanding performances" from Mark Mohar (132), Dan Stout (138) and Larry Yopp (155). All three were thrown in the draw and beat either a first or second seeded wrestler.

Mohar's performance was probably the most outstanding of the tournament. In his first match he drew the top wrestler in the weight class and put him away with a pin.

He also pinned his next opponent and in the finals beat a wrestler who had clobbered him earlier in the year 10-zip.

The sophs ended their season with an 11-2 dual meet record. Bartoz added, "these boys should be a definite asset to next year's varsity team and make them a threat to repeat as Conference Champs."

The following is a list of Antioch's Championship Team, their finish in the conference and their season records.

### SOPHOMORE INDIVIDUAL RECORDS

98	Phil Edwards	3rd	19-1
105	Dennis Thain	3rd	10-5
112	Dirk Dietz	2nd	12-6
119	Bob Sweatman	4th	13-5
126	Joe Riedlinger	3rd	3-1
132	Mark Mohar	1st	7-8
138	Dan Stout	2nd	7-4-1
145	Mike Beasley	3rd	14-7
155	Larry Yopp	2nd	5-10
167	Bill Beese	(15 pins) 1st	20-1
185	Bill Armstrong	2nd	13-2-1
HWT	Glen Nixon	(11 pins) 2nd	17-4

## Sequoits Upset by L. Zurich

### Dims Hope for Conference Crown

The fortunes of the basketball wars remained cold to the Sequoits Friday as they were upset by the Bears of Lake Zurich 55-54.

As has been the case in their current dive, the Sequoits were guilty of numerous turnovers and only in spurts resembled the team that had looked a cinch to walk away with the Conference Championship.

Antioch began the game as if they meant to silence many of their critics and streaked to a seven point lead at the quarter. They moved well on offense and had the edge in rebounds.

But the middle frames were a far different story as the size 14's of the big men were glued to the varnish and gave guards Tim Mieure and Fred Popp little help in penetrating a lackluster Bear press. As a result, the two missed connections on many attempted passes and created most of the 23 turnovers that were to be the big factor accounting for the loss. Antioch was outshot 67 to 49 in the game. If they had been less charitable, they would have gotten many more shots, hence more baskets.

The Sequoits made a final thrust at victory in the

closing minutes of the game, but came up short. They had been trailing by 10 points and looked fatigued when Pat Michalak, who got into early foul trouble, returned to the floor. The Sequoits narrowed the gap to just a bucket, but there the dream died.

Jeff Williams played "an excellent game" according to Coach Roger Andrews. The talented senior was high scorer for the night with 17 points and took 14 rebounds, also tops.

The combination of Tim Mieure and Pat Michalak, who had carried the brunt of the Sequoit scoring punch, wore the collar, as they could tally only four buckets between them. They did cash in at the charity stripe and ended with 12 and 8 points.

Ken Tell was off on his rebounding and sluggish in patterns, but scored 11 points on 3 buckets and 5 free throws.

The loss was the fifth in the last seven games and all but ended any hopes for a Conference Crown. Antioch is now 7-4 in league play, trailing the Bears by one game and Grant by two.

Three games remain on the Sequoit schedule. Lake Forest, Grayslake and

Wauconda. The last two would have been conceded to the Sequoits a month ago, but recent developments could call for a real effort.

Coach Andrews said the three games were very important. "If we can sweep all three we'd have the momentum necessary for the regionals." He mentioned that the games would give his team a "chance to become re-accommodated to Tim's (Mieure) style of play."

The Sequoits will face rival Grant of Fox Lake in their first post season test at McHenry on Tuesday, February 29th.

But before thoughts of

tinsel and trophies, the Sequoits face a stiff challenge from Lake Forest on February 11th. This game is at home and will be the last chance for rooters to be the majority. The remaining games are away.

## L. Zurich downs sophs 40 - 38

The Bears of Lake Zurich pulled off a stunning upset Friday, as they conquered a highly touted Antioch Sophomore Squad 40-38. The win was only the fourth in conference play for the junior Bears, against seven defeats. Antioch's record is now 8-3.

Losing almost certainly knocks Antioch's hopes to cop another Conference Crown and revenges a loss the Bears had suffered earlier in the season 53-34. According to

Sophomore Coach Norm Hahn, the junior Sequoits were definitely "not ready to play. They loafed on defense and rebounding, allowing Lake Zurich to control the game."

Antioch's only threat proved to be Larry Smith. Smith scored 18 points even though he was double-teamed all night. But his personal heroics would not pull out a win as his mates were far below their usual scoring averages.

Apparently, Antioch's offense needs shoring up

since it has failed to produce 40 points the last two outings.

Coach Hahn noted that "lack of aggressiveness and hustle" had prevented the team from reaching its potential. However, the junior Sequoits have three games left to pull together and show their skills.

First of the three showdowns will be Friday, February 11th at Lake Forest. The sophs will precede the varsity at 6:45 p.m.

## Emmons rolls past Grass Lake

LOSES TO ANTIOCH

Emmons school rolled past conference opponent Grass Lake 65-40.

Emmons opened a first quarter lead of 16-7. Outscoring Grass Lake 21-8 in the second quarter, the Raiders opened a 22 point half-time lead.

Jon Bodin poured in all 15 of his points in the first half and Jeff Eder collected 10 of his game total of 12, to give Emmons the commanding lead.

The Raiders second-liners playing most of the second half were led by Dennis Varney. Varney banged in 5 field goals from the corner and added a charity toss for 11 points.

Emmons victory was keyed by domination of the boards both offensively and defensively. Eder hauled down 14 rebounds to lead the Raiders. He received

good support from Ken Cash with 10, Bodin with 8, and John Christiansen and Tom Grego with 7 each. Final

statistics showed Emmons had a 59-34 rebounding edge. Scott Nohava led Grass Lake with 15 points.

In the "B" team contest Emmons easily came away with a 25-9 victory. Sharing scoring honors for Emmons were Tracy Sodman, John Eder, and Bill Dubek with 6 points each.

Emmons then travelled to Antioch Upper Grade School to engage the Apaches, in two games.

Antioch romped past the Raiders in the 8th Grade Division 53-36. Emmons' Bodin led all scorers with 17 and Christiansen added 8. Scoring honors for Antioch went to Scott Kimball with 16 w.
